London Press Awakens to Possibility of Clash With Uncle Sam.

CHANCE FOR IT IN MEXICAN AFFAIR

Diplomatic Exchanges on Britain's Attitude Likely to Continue.

London, Oct. 22.—The London newspapers are only just awakening to the possibility of an embroilment between the United States and Great Britain over the Mexican situation.

Their warnings heretofore have all emanated from Washington and New York correspondents, the views of the British government as made known in the United States through the Associated Press not having been published here.

The Pall Mall Gazette today says: "There is evidently a grave misunderstanding between this country and the United States in regard to the Mexican crisis which should speedily be removed. There are elements of danger in the situation which may easily arouse strong feeling on both sides of the Atlantic."

"It cannot be denied that President Wilson had some grounds for complaint against British policy in Mexico," says the Globe in commenting today on the Mexican situation. The newspaper considers that a grave mistake was made by the British foreign office in its overhasty recognition of Provisional President Huerta which was in such marked contrast with its dignified delay in recognizing King Peter of Servia.

The Globe advances the view that the foreign office attitude lends color to the suspicion that its policy is dictated rather by political considerations than by regard for the real interests of the nation.

LIKELY TO CONTINUE.

Diplomatic Exchanges May Succeed in Clearing Situation.

Washington, Oct. 22.—Diplomatic exchanges between Ambassador Page and the British foreign office with regard to Great Britain's attitude in Mexico are likely to continue. Indications that Sir Lionel Carden, British minister to Mexico, does not hold views in sympathy with the American policy toward the Huerta government had caused concern to the Washington government, and while some officials declare that they are not seeking European support at this time, it was made plain that they did not desire that any factor should be injected into the situation at present from Europe that would in any way impede the efforts of the United States to deal with the Mexican problem. The administration takes the view that as the "nearest neighbor" to Mexico, the United States should have a free hand in trying to bring about a pacification.

It is not unlikely, therefore, that the reported statement of the British minister that the United States did not understand conditions in Mexico, will be the subject of further inquiry, with the possibility that the episode may bring out important developments. Officials declined to discuss Ambassador Page's cablegrams, but their dissatisfaction with the attitude of Great Britain was not concealed.

Diplomatic circles today took interest in the situation and many diplomats predicted that the outcome might influence American policy toward Great Britain in other questions pending.

NEGRO IS LYNCHED.

Mob Hangs Accused Colored Man to Telegraph Pole.

Monroe, La., Oct. 22.—Warren Eaton, a negro accused of having made an insulting remark to a white woman here Monday, was taken from the jail early this morning by a mob and hanged to a telegraph pole.

MRS. FAIRBANK IN NOMINATION

Is Placed Before State Club Federation for the Presidency.

MRS. RALSTON NAMED

Indianapolis, Ind., Oct. 22.—Mrs. Samuel M. Ralston, wife of the governor was nominated unanimously for vice president of the State Federation of Women's clubs at today's session here. Other nominations are:

Mrs. Clark Fairbank, Fort Wayne; Mrs. Helen M. Baumgarten, Rockport, and Mrs. Vida Newsom, Columbus, for president; Mrs. Robert A. Ogg, Greencastle, and Mrs. W. A. Morris, Frankfort, for recording secretary; Mrs. Ella Miers, Crawfordsville, for corresponding secretary; Mrs. Leon Stern, Terre Haute, for treasurer, and Mrs. L. J. Cox, Terre Haute, and Mrs. Craigie G. Mitchell, Bedford, for general federation secretary.

Officers' reports was the business of the day. The report of Mrs. Clark Fairbank, of Fort Wayne, corresponding secretary, showed 51 new clubs, with a membership of 2,169, had come into the federation, making a total of 359 clubs with a membership of 915,862, in the Indiana federation.

Mrs. Eva B. Ko buck, of Wabash, reporting for the trustees, told of the education loan fund, which is used in helping young women desirous of obtaining an education.

In her address yesterday, Mrs. Felix T. McWhirter, president, made a plea for the ballot for women from the standpoint of the mother who was interested in the welfare of her children but who because of being denied the ballot was unable to voice her opinion of civic conditions.

OLD FIGHTER IS BACK ON THE JOB

Capt. G. W. Streeter Renews His Warfare to Hold Chicago "Dump"

BY SQUATTER RIGHTS

Chicago, Oct. 22.—Captain George Wellington Streeter and his wife, are back again in "Streetesville," ready to hold the "dump" against all comers.

This fact became known today with the filing of papers in the case, which has grown in intricacy during the years in which various claimants have attemptad to oust the captain.

"Streeterville" was made by accretions of sand on the lake shore north of the river and by the dumping of refuse. Twenty years ago the captain and his first wife were blown ashore in a rickety old schooner in which they made their home, and laid claim to the land as squatters.

Holders of lake front property claimed the land as growth of the city made it valuable, but the captain and Maria fought men off, many times by the display of firearms. Eventually the captain established a "military government" to legalize his residence and hired watchmen.

Some years ago, in one of the numerous conflicts with deputies William Kirk, a watchman employed by one of the rival claimants, was killed and Streeter and two of his aides were sentenced to life imprisonment for the crime.

Eventually he was freed by the courts and now, on legal advice, he is back again. The land is worth millions of dollars. The captain has been aided financially by many men of wealth who believe in the validity of the captain's squatter rights and who have accepted his deeds to parcels of the property in return.

WILSON SIGNS UP DEFICIENCY BILL

Explains His Attitude on Its Exemptions from Civil Service.

IS STILL IN CONTROL

Washington, Oct. 22.—President Wilson today signed the urgent deficiency bill, carrying exemptions from the civil service of deputy United States marshals and deputy collectors of internal revenue.

The president gave out the following memorandum: "I am convinced, after a careful examination of the facts, that the offices of deputy collectors and deputy marshals were never intended to be included in the ordinary provisions of the civil service law. The control of the whole method and spirit of the administration of the provision in this bill which concerns the appointment of these officials, is no less entirely in my hands now than it was before the bill became law; my warm advocacy and support both of the principle and of the bonafide practice of civil service reform is known to the whole country, and there is no danger that the spoils principle will creep in with my approval or connivance."

The president took the position that bonded officers directly responsible for their subordinates, could choose more efficient men by personal selection than by examination, because of the personal equation that enters into the confidential relations between employer and employe. The president moreover feels that at any time he can by executive order control the operation of the system.

DECLINES TO MAKE RACE.

Wisconsin Man Refuses Progressive Nomination for Governor.

Superior, Wis., Oct. 22.—Martin Pattison, of Superior, in a letter today to Norman L. Baker, of Milwaukee, chairman of the progressive state committee, formally withdrew as the new party's candidate for governor. Mr. Pattison was selected as the candidate at a conference of state leaders held this spring.

Business reasons are given as the cause of the withdrawal.

MOTORMAN IS KILLED.

Interurban Car Goes Into Ditch Near Warrenville, Ill.

Aurora, Ill., Oct. 22.—An Aurora bound car on the Aurora, Elgin and Chicago railroad went into the ditch near Warrenville today. Motorman M. G. Whitney, of West Chicago, was instantly killed. A broken gear is believed to have caused the wreck. There were no passengers on board.

28 ACCUSED IN GRAFT CHARGES

Many Former City Officials at East St. Louis Are Indicted.

GRAND JURY IN A SWEEPING CLEAN-UP

Alleged Frauds Against the City Said to Total $100,000.

St. Louis, Oct. 22.—Wholesale indictments against most of the members of the city administration of East St. Louis—which went out of office last spring, were returned today by the grand jury that has been investigating charges of municipal irregularities.

Twenty-eight persons were indicted, including twenty-four former city officials. Among those indicted were Charles S. Lambert, former mayor; E. Fred Gerold, former city treasurer and fourteen of the sixteen members of the city council of 1912.

Alleged Frauds Total $100,000.

Most of the indictments charge conspiracy to defraud the city of various sums of money. The frauds aggregate, it is charged, $100,000. Some of the men in the list are members of the present administration.

The indictments were returned in the court of Judge William Vandeventer, East St. Louis, and were the result of a long investigation by the grand jury which followed charges of graft published in a St. Louis newspaper. About the same time a former member of the city council signed a sworn confession.

List of the Accused.

Those indicted and the charges against them follow:

Charles S. Lambert, mayor in 1911 and 1912, charged in four indictments with entering into a conspiracy to defraud the city of $100,000 and in one indictment with having conspired with other officials to defraud the city of $25,000.

E. Fred Gerold, city treasurer in 1911 and 1912, charged in four indictments with having entered into a conspiracy with Lambert to defraud the city of $100,000; in one indictment with having entered into a conspiracy to defraud the city of $25,000, and in one indictment with having embezzled $50,000.

William R. Rodenberger, former city comptroller, and John J. Faulkner, practically the same charges, except as to $50,000 case. Rodenberger is also accused of having embezzled city records and treasury warrants to the value of $10,000.

City Attorney is Forced to Arrest Prospective Father-in-Law.

HE WILL PROSECUTE

Sparta, Wis., Oct. 22.—S. E. Rice, city attorney of Sparta, who is to be married Saturday to Miss Olive Hemstock, was today called upon to issue a warrant for the arrest of his prospective father-in-law, David Hemstock, for violation of the ordinance requiring the weighing of coal on the city scales.

Rice issued the required papers and declared he would prosecute the case to the limit. Hemstock prevented the situation becoming too embarrassing for his expected son-in-law by announcing that he would enter a plea of non-contendre in justice court and then appeal to the circuit court, where the case will not be reached until the prosecutor and his bride return from their honeymoon.

STATE TITLE MEN OPEN CONVENTION

Committee on Laws Named and Six Firms Want to Join Association.

ATTENDANCE SMALL

The seventh annual convention of the Indiana Title association opened this morning at the Anthony hotel. On account of the storm and generally inclement weather, the attendance was not large during the day and no business was transacted until this afternoon.

Applications for membership were received from the Madison Investment company, Madison; Samuel A. Culver, Tipton; Cox & McGonagle, Muncie; Anderson Abstract company, Kokomo; Homer Sewell Abstract company, Covington, and the Bagbee & Schock Abstract company, South Bend. Shortly after the opening of the afternoon session President Myron E. Cole, of Shelbyville, appointed the following to serve as a committee on law: Charles E. Lambert, Rockville; John C. Taylor, Danville; John Dreibelbiss, Fort Wayne; K. C. Larwill, Fort Wayne; Frank Glazier, Fort Wayne.

Nearly all of the state officials are present, and among other special dele-

SULZER OPENS CAMPAIGN CAMP

Broadway Hotel His Headquarters in New Race for Assembly.

EXPECTS TO TRIUMPH

New York, Oct. 22.—William Sulzer opened headquarters at a Broadway hotel today for his campaign to re-establish himself at the state capital. Informally he plunged into the fight as soon as he stepped from a late train from Albany last night, but from today on until election on Nov. 4 he planned to conduct an organized campaign with his private secretary, Chester C. Platt, acting as manager for election to the state assembly. His friends in the Sixth assembly district, who succeeded in making him the nominee on the progressive party ticket almost immediately after he was deposed as governor, shared his confidence of success.

The entry of the deposed governor into the local campaign, which is already at a high pitch of excitement over the mayoralty contest, with charges and recriminations flying everywhere, promises to make the two weeks at hand one of the most stirring in a political way.

The fusionists, seeking the election of John Purroy Mitchell as mayor, are guarded in expressing enthusiasm over the entry of the deposed governor into the campaign, but they make no secret of their satisfaction over the fight which Mr. Sulzer has declared against Tammany Hall, the defeat of whose power the fusionists profess to be their main object.

By installment Mr. Sulzer continues to bring forth charges that Charles F. Murphy, leader of Tammany Hall, made threats to him while he was governor and that Edward E. McCall, the Tammany candidate for mayor, had acted as an emissary of the Tammany leader. Mr. McCall has denounced the charges as falsehoods, while Mr. Murphy has preserved his usual reticence, declaring only that he will wait until Mr. Sulzer has finished all of his accusations before replying.

WHITE RIBBONERS GATHER IN FORCE

Delegates Assemble for W. C. T. U. World's Triennial Convention.

IS HELD AT BROOKLYN

New York, Oct. 22.—Delegates from thirty foreign countries and from all over the United States began arriving here today to take part in the triennial world's convention of the Women's Christian Temperance Union, which will begin Friday in the Academy of Music, Brooklyn, and continues until Oct. 28.

The "white ribbon" specials from Chicago and Birmingham, Ala., brought several hundred from the west and south and many more poured in from nearby cities on the regular trains.

Incoming steamships brought others, although most of the foreign delegates were already here.

Lady Aurea Howard of England heads a delegation of forty "white ribboners" from that country. Boy Scouts acted as escorts for the visitors.

NOTABLE DAY AT PRINCETON

Cleveland Memorial Tower Formally Dedicated at University.

TAFT'S TRIBUTE TO FORMER PRESIDENT

Speakers Laud Character and Career of Eminent American.

Princeton, Oct. 22.—Princeton university's graduate college and the Grover Cleveland memorial tower, which is included in the architectural scheme of the college buildings, were dedicated today in the presence of a distinguished company of learned men from Europe and America.

Gifts amounting to $2,850,000 for the erection and endowment of the college enabled Princeton to realize an idea conceived twenty years ago—the housing of graduates in a body. The letter was presented to the university by the Cleveland Monument association, which received gifts for the memorial fund from all over the United States.

Notable Men There.

The exercises were held in the quadrangle formed by the walls of the graduate college, a quarter of a mile southwest of the main campus. President Hibben, of Princton, presided and about him were former President William H. Taft, who delivered the memorial address on Grover Cleveland; representatives of practically all of the universities and colleges in the United States and Canada; hundreds of alumni and delegates from English, German and French universities.

The present addition to the university of the Cleveland memorial was made by Richard V. Lindabury, president of the Cleveland Monument association, who said the funds for the memorial were contributed from all parts of the United States and by men of all parties and in all walks and conditions of life.

"They desired by their gifts," he said, "to testify to their admiration and respect for those traits of character which made Mr. Cleveland the efficient foe of municipal corruption in Buffalo, the fearless and independent executive in Albany and in Washington the immovable defender of the national credit and the relentless enforcer of law and order without regard to the persons or classes affected thereby.

Embodiment of Strength.

"Mr. Cleveland stood as the embodiment of sound judgment, rugged strength and common honesty. To him public office and public service meant the thing and neither would capolery, personal interest nor popular favor swerve him one iota in the performance of what he conceived to be his public duty. His character is well typified by

A Progressive and Constructive Platform Defined and Upheld By a Constructive Man.

(By the Non-Partisan City Central Committee.)

To the Voters of the City of Fort Wayne:

The declarations of the Non-Partisan platform and the statements by Mr. Charles H. Buck, the Non-Partisan candidate for Mayor, on the questions of track elevation and sewers are thoroughly in line with progressive and constructive principles of municipal government. Mr. Buck well says that "track elevation is the most important public improvement planned in the city of Fort Wayne for many years. * * * No person or party can stop the progress of this work." On the subject of finding remedies for the perilous faults of our sewer system, Mr. Buck says: "It shall be my purpose, if elected Mayor, to institute a thorough investigation with a view to determining the best and most scientific means of remedying this evil." As Mr. Buck declares, these are "questions in which the whole people are interested, and necessarily ones which a Non-Partisan movement can best take care of, because they require the hearty co-operation of all the people, regardless of party affiliation. Party strife in the past has been responsible for the lamentable condition of the present sewer system."

The Non-Partisan movement is not a foray for office, nor a raid for spoils. Its goal is a better condition of municipal government, a better service in all things to the people. The Non-Partisan platform is a well-deliberated, far-reaching plan to do the things that ought to be done in the way they should be done. Mr. Buck shows his ready grasp of, and hearty sympathy with, the principles and purposes of this platform. Both platform and mayoralty candidate of the Non-Partisan movement are constructive and progressive.

this tower erected to his memory for like it he stood "four square to all the winds that blew."

President Hibben in a brief address accepted the memorial on behalf of the university, after which Prof. William H. Taft delivered a memorial address on Grover Cleveland.

The Cleveland tower stands in the southeast corner of the quadrangle group and is Gothic in style as are all the other buildings. The base of the tower is simple and without ornament but it takes on a greater richness of treatment towards the top which is an elaborate scheme of lace like pinnacles worked out in stone. In the lower story of the tower is a great memorial chamber and opposite its entrance is a niche for a seated bronze statue of Grover Cleveland. Above the niche is Mr. Cleveland's famous dictum "Public office is a public trust."

At the close of the exercises Richard Cleveland, a son of the former president, released to the wind a flag that had floated over the white house during the second administration of President Cleveland. A picture of Mr. Cleveland hanging in one of the halls of the graduate college was draped with the flag which covered his casket.

Ex-President Taft's Estimate.

Former President Taft's estimate of Grover Cleveland as expressed in his oration was as follows:

"Mr. Cleveland was not a great lawyer; he was not a great economist; he was not a great orator; but he was a great president and a great man; and he was these because of the strong mind, clear intelligence and wide knowledge of affairs. He had the character, honesty, courage and sense of public duty which enabled him to meet great and critical issues without regard to personal consequences. When he was nominated for the third time for the presidency he was nominated against the will of the politicians and by a popular uprising in the ranks of the party. He was a partisan and believed in parties as every one must who wishes popular government to succeed; but he looked upon party as an instrument of good government and when it was made an instrument to accomplish purposes disastrous to the public weal he refused to follow it. The party left him to embrace new doctrines whose support properly subjected it to a popular distrust which kept it out of power for three successive presidential terms.

"When he left the white house the last time it would seem that the bitterness of the enmity and open attack upon him by his former party associates would overwhelm him and that his leaving office without a party was a humiliation hard to bear. But as years wore on in his dignified retirement, in the great benefit he wrought for this great university and in the wide influence for good he exercised in the country, the whole public began to perceive with clearness the exceptional qualities of the man which had shown forth in crises during his presidency. Now that the voice of the partisan critic is still and the people could see him in due proportion with other men of history, he took the place he earned among the men entitled to the gratitude of their country."

THIS BEVY OF PRETTY FORT WAYNE GIRLS SELLS DOLLS AT THE ANNUAL FALL FESTIVAL OF THE CATHEDRAL CONGREGATION.

Left to Right—Marie Sommers, Veronica Koester, Marie Mooney, Marcella Behler, Josephine Travers, Isabelle McDonald, Grace Keeley, Mary Travis; Lorene Travers.

He was a rather diffident young man, and when he entered the doors of Library hall last evening to attend the opening of the Cathedral fall festival, he looked as though he wanted almost anything else worse than he wanted a doll. But a doll was the first thing he bought, and nobody blamed him.

He would have purchased a slit skirt or a piece of blue sky just as readily if those commodities had been offered, because those pretty girls in charge of the doll booth are irresistible in their persuasive powers. However, all the pretty girls are not selling dolls. Plenty of them are selling flowers, candy and what not and the big crowd of people in attendance last night patronized the booths liberally. There was plenty of good music, which will be continued along with the other good things every night until the close.

All of the booths are artistic and well filled with a line of excellent articles that makes it possible to do real shopping there and at figures well within reason. Most of the stuff has been donated and one can find aprons, children's dresses, fancy work of all kinds, candy, china and glassware, and best of all a jolly crowd.

One very attractive booth is the Hallowe'en affair designed and erected by the Young Men's sodality of the congregation. In fact, rare taste has been shown in all the decorations and the festival is off to an excellent start with every promise of being highly successful.

THE SENTINEL'S DAILY SCRIPTURE READING.

Hebrews 10:1-14.

1 For the law having a shadow of good things to come, and not the very image of the things, can never with those sacrifices, which they offered year by year continually, make the comers thereunto perfect.

2 For then would they not have ceased to be offered? because that the worshipers once purged should have had no more conscience of sins.

3 But in those sacrifices there is a remembrance again made of sins every year.

4 For it is not possible that the blood of bulls and of goats should take away sins.

5 Wherefore, when he cometh into the world, he said, Sacrifice and offering thou wouldst not, but a body thou hast prepared me;

6 In burnt offerings and sacrifices for sin thou hast no pleasure.

7 Then said I, Lo, I come (in the volume of the book it is written of me) to do thy will, O God.

8 Above when he said, Sacrifice and offering for sin thou wouldst not, neither hadst pleasure therein; which are offered by the law;

9 Then said he, Lo, I come to do thy will, O God. He taketh away the first, that he may establish the second.

10 By the which will we are sanctified through the offering of the body of Jesus Christ once for all.

11 And every priest standeth daily ministering and offering oftentimes the same sacrifices, which can never take away sins:

12 But this man, after he had offered one sacrifice for sins for ever, sat down on the right hand of God;

13 From henceforth expecting till his enemies be made his footstool.

14 For by one offering he hath perfected for ever them that are sanctified.

Partnership With the People

The election of Charles H. Buck and other nominees on the non-partisan ticket in Fort Wayne two weeks hence will mean the formation of a complete and definite partnership between the people and their city government. Again and again Mr. Buck has sought to make his position clear in this matter. He gave it new emphasis in his Seventh ward address last evening. "If I am elected," said Mr. Buck, "and any of you have a suggestion to make or any advice to give, come to me, and what you have to say will be given deliberate and careful consideration."

For this commendable desire to take the people into full confidence in governmental matters, to give a respectful hearing to every citizen, to make it possible for the whole people to keep closely in touch with municipal affairs and to share with him the exalted duty of giving Fort Wayne better, cleaner and more efficient government, Mr. Buck has been portrayed as the servile creature of "the interests." He has been denounced as the tool of the corporations and the foe of the common people. Partisan leaders, in the attempt to stay the rising tide of favor for the movement to unload the burden of the partisan machine in city affairs, are seeking to draw wholly unwarranted class distinctions and to convince the voter that the non-partisan plan is a scheme to bar him from a voice in his city government.

We do not believe that sort of appeal will be taken seriously, even by Mr. Buck's most bitter political foes. The one thing above all others which the non-partisan administration of city affairs will do will be to enlarge the interest, the influence and the participation of the voter in city government. It will make him in the largest degree a full partner in the great municipal enterprise in which he is making semi-annual investment in the form of taxes. It will enable him to be heard and heard effectively on matters which directly affect his interests. He can go to the city hall with his suggestions, his protests, his grievances and his inquiries under the assurance that he will get respectful hearing and action on the honest merits of his case. Mr. Buck has made it clear that he invites and will gladly welcome the advice, the suggestion and the counsel of all the people. The non-partisan platform is specific in the declaration that "we demand that all public business shall be transacted by the common council and the various city boards in public and not in closed sessions."

The success of the non-partisan movement in November will mean that there will be no "invisible government" in the form of either political machine, private or corporate interest with a say-so in governmental affairs in this city. It will be a real partnership of all the people.

Attorney General Honan in an official opinion takes the position that Governor Ralston's act in calling out the militia to stop the race track gambling at the Mineral Springs track was final, and that he may not stand trial in court on the question of his right to act in the matter. The opinion was asked after the racing interests manifested symptoms of a renewed desire to take up the fight again. Evidently race track gambling in Indiana finds dying a rather laborious job.

There is said to be strong probability that the Indiana Federation of Women's clubs will take a definite stand on the equal suffrage proposition and give it endorsement. And the Indiana women can get about anything they desire if they will only demand it emphatically enough and long enough.

The demand that United States senators get on the job in Washington and either resign or go to work must have been something of a shock to "the greatest deliberative body in the world," but the rest of the country will have no difficulty in surviving it.

Now, honestly, do you think Fort Wayne really wants to return to Hoseyism?

PRESS ON FINDING OF NEW ARCTIC LAND.

"Spirit Still Keen."

Philadelphia Bulletin: "The reported discovery by Capt. Wilkitzky of a new 'continent' north of Siberia is a reminder that the spirit of exploration and discovery still is keen."

"Possessions of Tzar."

Rochester Democrat and Chronicle: "The finding by Russian explorers of the Arctic continent, which was glimpsed by a commander on his quest of the north geographical pole, will add materially to the possessions of the white tzar, however little it will contribute to the actual revenues of the empire."

"No Connection."

New York Press: "That there is no connection between Crocker Land and Nicholas Second Land is already demonstrated by the fact that Nansen in the Fram drifted between the position of these two isolated polar islands."

"Not Quite Credible."

Providence Journal: "The Russian expedition has not been long enough in tracing its alleged discovery to make its assurances of having uncovered an island as large as Greenland quite credible."

"Dispels Belief."

Washington Post: "The discovery in the Arctic ocean of a new land, apparently of continental proportions, dispels the belief generally held by geographers that no unit of the earth's surface remained unknown and unexplored."

"Little Island or Two."

Pittsburg Leader: "Other Arctic travelers, who say they know what they're talking about, concede only that if the Russians found anything it cannot be more than a little island or two, but anything big is out of the question."

"Remarkable Find."

Buffalo Commercial: "Members of the National Geographic society place considerable credence in the reported discovery by Russian explorers of a continent 500 miles north of Asia, pronouncing it the most remarkable find within the Arctic circle in a century."

"Economical Value Nil."

New York Tribune: "The political and economic value of the new land will be nil. Its geographic and oceangraphic interest to the scientific world will be great, and it will make to a polar map one of the most striking additions this generation has seen."

TEACHING TALK.

(Pittsburg Dispatch.)

The reported proposal to add a course in polite conversation to an eastern university should be discouraged rather than encouraged. There is entirely too much conversation now. Life would be a great deal more pleasant and undoubtedly the world would get along better if the time wasted in mere conversation for the sake of conversation was devoted to a more profitable object. Two persons, altogether unattracted to each other, meet. Convention requires that they exchange observations. They remark on the weather or some other inane topic and separate, each vowing the other a bore. The one who does most of the conversation is set down by the other as liking to hear himself talk; the less loquacious one is appraised by his interlocutor as having nothing to say.

The person who really has something worth saying stands in no need of this course in polite conversation. Those who have nothing worth saying should certainly not be encouraged to inflict themselves upon others. If the educational institution really wishes to be of service, let it start a course in silence. That would be worth while if the right people could be induced to take it.

THE APPEAL TO POSTERITY.

(Kansas City Times.)

"The future historian," exclaims Governor Sulzer, "will do me justice." He is right. Posterity usually does justice. But is that really what he wants?

President Taft used to console himself that while he was terribly misunderstood by the people of today, history would set him right. But history is going to have trouble in recalling his name—except in connection with the breakup of the republican party. Presumably Millard Fillmore and Franklin Pierce and James Buchanan felt the same confidence in history. But it wasn't justified.

The trouble is that frauds and shams don't go to any extent in history. Posterity is just, but merciless. It refuses to take men at their own estimate. It judges them by what they do, not by what they say they do.

The friendly tip ought to be given to Mr. Sulzer not to bank too much on what posterity will do for him.

Lehman's Clothing House wants to give away $1,500.00 in the next ten days. (See south window.)

Daniel White, of Chicago, a socialist lecturer who has been in Fort Wayne for several day, has completed arrangements to participate in a debate with A. McKinnon on the subject of socialism and religion. The debate will be held Friday evening at the assembly room of the court house.

IN ONE MINUTE! CLOGGED NOSTRILS OPEN--COLDS AND CATARRH VANISH

Stops Nasty Discharge, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm," and your cold or catarrh will surely disappear.—Adv

Mr. Buck on City Repairing Plants, Storehouse and Testing Department.

To the Voters of the City of Fort Wayne:

The progressive and advanced views of the Non-Partisan platform are well presented in the following planks:

"Building and Repairing Plants.

"We favor the passage of such laws and ordinances as will enable the city to install and maintain a construction department for the purpose of repairing and constructing streets, sidewalks, sewers and other public improvements when the same cannot be better and more economically done by private contract.

"City Purchasing Department.

"We favor the immediate establishment of a city purchasing and testing department and the immediate passage of an ordinance enabling such establishment, and defining its duties and authority, to the end that purchases for the city from partisan favorites without competition may become impossible, and the people's money be carefully conserved and economically expended. And we demand that such supplies for the city be tested before and after purchasing, and carefully inventoried and safeguarded from theft and unwarranted intrusion."

The installation during the present year of an asphalt repairing plant by the city, and thus taking from the paving corporations the profits of such business, as well as securing immediate attention to asphalt repairing and the preventing of decay of asphalt streets, has been of great benefit to the taxpayers. The Non-Partisan platform advocates the extension of this repair plant to include cement work and sewers, so that the extensive properties of the city, in the way of public improvements, for which the taxpayers have paid hundreds of thousands of dollars, may be conserved and their life extended.

This question is directly connected with the second plank, above quoted, in the promise that a purchasing and testing department shall be established. Such a department would tend to save thousands of dollars for the taxpayers in insuring that only the highest grade and the highest test of materials shall be used in public contracts. The importance of this subject to the taxpayer will be readily understood, when it is stated that in 1912 our taxpayers were called upon to pay for practically $240,000.00 worth of street and alley pavements, sidewalk and sewer improvements. Many of these improvements hardly last out the guarantee of the contractor, and the people are again called upon to repave or rebuild the sidewalks. This awful waste can be checked and at comparatively small expense. First: By the establishment of a testing department; and, second: by enlarging the capacity and usefulness of the repairing plant.

Coincident with the testing department, as outlined in the above plank, there must be established a city store house, where supplies for the departments may be kept and requisition made by the departments of the city upon the store house keeper for its supplies, so that an accurate check may be kept upon the expense of each department. This will result in a double saving to the city. First: Because all purchases for all departments will be made in bulk, instead of separately, as they now are; and, secondly, the supplies will not be wasted or stolen, but will be carefully checked out as used. The advantage of such a system will be readily apparent to any citizen, when he thinks that each department of the city now purchases its coal, for instance, on separate contracts, when one purchase might be made instead of a dozen.

Sincerely yours,

Adv CHARLES H. BUCK.

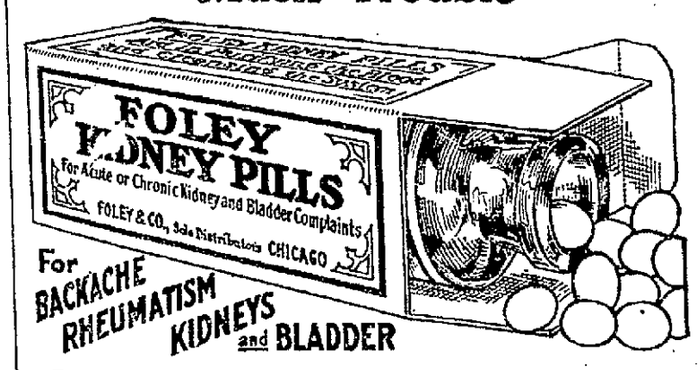
Weak, Inactive Kidneys Cause Much Trouble



FOLEY KIDNEY PILLS
For Acute or Chronic Kidney and Bladder Complaints
FOLEY & CO., Sole Distributors CHICAGO
For BACKACHE RHEUMATISM KIDNEYS and BLADDER

Backache, rheumatism, and all kidney and bladder disorders are caused from weak inactive kidneys, which fail to filter out the poisons, and keep the blood pure. The only way to positively and permanently cure such troubles is to remove the cause. The reason why Foley Kidney Pills are the best medicine for kidney and bladder troubles is because they are made wholly of those healing, strengthening and restorative ingredients that nature needs to build up and renew these important and vital organs. See that you get Foley Kidney Pills for your kidney and bladder troubles. They are tonic in action, quick to give good results, and contain no harmful drugs.

BUCK SENTIMENT IN SEVENTH WARD

Tammany Methods Practiced by Hosey's Workers, Says J .H. Aiken

IN A HEATED ADDRESS

"Partisan politics has no place in the affairs of city government," said Charles H. Buck, non-partisan candidate for mayor, in addressing voters of the Seventh ward Tuesday evening at the Lafayette street meeting. "Partisan politics does not afford the taxpayers a voice in the government, and that is the primary reason why we have a non-partisan ticket in Fort Wayne today.

"The opposition charges that the so-called committee of thirty is the sole guidance in this movement. That committee, which was originally appointed by mass meetings of the voters of three parties, is not in existence. In fact, it has not been in existence for some time as its duties of making preliminary arrangements for the movement have been completed and now it is up to you voters to decide whether or not you want a non-partisan city government.

"We want to give you people a direct voice in the management of our city, and, gentlemeen, if I am elected and any of you have a good suggestion to make or any advice to give, come to me and what you have to say will be given deliberate and careful consideration."

Mr. Buck was greeted by a large audience of enthusiastic voters in the Seventh ward and his address was appreciatively received. Others who spoke were Judge Owen N. Heaton, Judge John H. Aiken, James A. Lechler, J. W. Loney, Judge J. Frank Mungovan and numerous other non-partisan candidates.

Judge Aiken Talks.

"I am going to speak of the nonsensical part of this campaign," said Judge Aiken. "The first thing I want to say is that Fort Wayne must not be 'Tammanyized.' Even before the last presidential election we heard frequently that William J. Hosey was to be the democratic candidate for mayor. His political agents were at work a long time before that and I charge it is only a plan on their part to introduce Tammany methods in this city. We can't afford to do it. We get little enough benefit for the taxes we pay without paying life pensions to ward heelers. After Hosey was elected he spent most of his time at Indianapolis trying to get a law passed so that he could succeed himself. Governor Marshall vetoed the bill and since getting out of office Hosey has spent four years working for his nomination and his re-election.

"His was a machine nomination, gentlemen; not a democratic nomination. Three thousand votes for Hosey is not the democratic vote of Fort Wayne and Hosey was nominated by only 3,000 and some votes.

Hosey and Skelton.

"There are a few people in Fort Wayne who are green enough to believe that Benjamin W. Skelton has a real ticket in this campaign. I want to convince you that he has not, and that the only reason his ticket is to be placed on the ballot is to help Hosey.

"Hosey is a candidate for mayor on the democratic ticket. Skelton is chairman of the so-called republican city central committee, and himself a candidate for city judge on the G. O. P. ticket. Hosey, Skelton and others were seen not long ago in earnest conversation in the entrance of the Pixley-Long block where republicans have maintained headquarters. I just want to ask you if you ever heard of a midnight conference in a city campaign between the candidates of opposing tickets? Why, I am not even a candidate, but Hosey won't speak to me because I am working on an opposite ticket. Why does he indulge in conference with Skelton, who is a candidate on an opposing ticket?

"The democratic organ advocates the election of both tickets. Now isn't that funny? Then another point is this: You never see the G. O. P. column in Hosey's organ criticise Hosey or the democratic party. Whenever before did the republicans' refrain from openly opposing the democratic candidates? Yet they try to mislead the voters into believing that the republican ticket is real goods and that the candidates are in this campaign to defeat the democrats and win. This is just a portion of the nonsensical part of this campaign.

"There is not a man on the original non-partisan committee, the so-called committee of thirty, who is in any way controlled by the corporations. Nobody can charge us of having a one-sided ticket. All parties are represented, and all classes of citizens, including professional, business and laboring men are represented on the non-partisan ticket.

"Our platform is one of the best that has ever been submitted to the consideration of the voters. The mere fact that it has not been condemned by the opposition bears me out in this, and ought to convince you of the standard of the non-partisan platform. If it was not all right you surely would have heard about it from the opposition.

Some More Nonsense.

"Some more nonsense that we can speak of is the charge that J. Levering Jones, former president of the Fort Wayne & Northern Indiana Traction company, helped start the non-partisan movement and nominate the candidates. Why, there is hardly a man on that committee of thirty who would know J. Levering Jones if he met him any place, and I doubt if J. Levering Jones knows today that a non-partisan ticket has been nominated in Fort Wayne. There is no reason in the argument of the Hosey people. If they can't find anything to say about those on the ticket, they attack others interested in the movement.

"The only corporations we are interested in are those that bring labor to Fort Wayne, who bring institutions here that give men work and bring men and their families to Fort Wayne, all of which helps in the growth of the city."

In closing Mr. Aiken took up Hosey as a candidate and when he referred to what Hosey had promised to do on the east side, and what he did not do, those listening to the address expressed their disapproval of Hosey's methods in no mild terms.

"Hosey told you when he was a candidate eight years ago that he would give you better grade crossings at the railroads at Gay, Lafayette and Hanna streets in two months after he took office and then you know that he did not turn a spadeful of dirt in doing it during the four years he was in office. He had to make some showing, so that awa done at Calhoun street, but Lafayette, Hanna and Gay were untouched and these east side streets need grade crossing improvement as bad as any other thoroughfare of the city.

"Then Hosey lost $11,000 in failing to appoint a sinking fund commission and in failing to invest the lighting fund, and now he wants to get back in office."

Try This Treatment For Hairy Growths

(Helps to Beauty.)

A single application of a paste made by mixing together a little powdered delatone and water and applied to objectionable hairs for about 2 or 3 minutes, then rubbed off, takes with it every trace of hair or fuzz. The skin should then be washed to free it from the remaining paste and it will be firm and spotless. This is a quick, painless treatment, but its success depends greatly on using fresh delatone, which can be purchased only in original packages.—Adv.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

TRY MENTHO-LAXENE

Cold, Cough and Catarrh Remedy, Superior and Guaranteed Superior to Imitations and Ready-Made Syrups.

Get the Pure Essence Mentho-Laxene of Your Druggist—Easy to Mix With Granulated Sugar Syrup Into a Pint.

Usually a family spends two to five dollars every winter for cough, cold and catarrh remedies, buying 25c worth at a time.

For instance, a two-ounce bottle, at 25c, will contain about four-fifths "syrup" and one-fifth "medicine." That's paying too much for ordinary syrup; you can make a half gallon of syrup for 25c.

The syrup, extra bottles, labels, corks, cartons, etc., make this method of buying very expensive by the end of the year.

A little thought and wisdom will save any family several dollars and give them purer and better medicine, too.

Make a simple syrup with a pint of granulated sugar and a half pint of boiling water; then buy the pure concentrated essence Mentho-Laxene at your drug store (2½ oz. bottle) and empty it into a pint bottle or jar and then fill it up with the syrup.

Now you have a season's supply of the purest, best and most promptly effective cold and catarrh remedy and cough medicine that it is possible to obtain. It keeps indefinitely, and relieves young and old of colds, catarrh, coughs, bronchitis, hoarseness, shortness of breath and lung and bronchial trouble. This remedy overcomes coughs and removes catarrhal matter from the system, by its tonic-laxative action. It improves the appetite, reduces fever and strengthens the system, thus avoiding chronic ailments and consumption.

Directions with each bottle of Essence Mentho-Laxene tell how to make and how to take. The manufacturers also guarantee to refund money to any one not pleased by its thorough effectiveness.—Adv.

TO INSPECT SITES FOR SEWER PUMPS

Board of Works Likely to Install Two Plants in Lakeside.

THE MUNICIPAL NEWS

This afternoon the board of works purposes to make an inspection of sites for the proposed sewer pumps in Lakeside. There will be two stations established—one for the Tecumseh street sewer and one for the Forest park sewer. The board believes that two such stations will be ample to protect that region of the city from backed up sewage in times of freshets. It is now in design to have electric lifts that will be operated automatically whenever the water in the rivers reaches a certain stage. Lakeside and Forest park people have been loud in their demand for protection of this sort and the board will endeavor to provide it before flood time comes again.

PLANS FOR RESERVOIR REPAIRS.

Park Engineer Price Prepares Specifications for Board of Works.

Marriotte Price, engineer for the park board, has furnished the board of works with specifications for repairs to the embankments of the big reservoir in Reservoir park. During the torrential rains which caused the floods of last March the embankments of the waterworks reservoir were badly washed and some serious landslides took place. This has not only disfigured the reservoir but probably has weakened it where the worst slides have occurred. The specifications furnished the board call for restoring the surface to its original condition by refilling and trimming all washed places and sodding the parts repaired. The estimate shows that an aggregate of 2,000 square yards of the embankments require resurfacing. The total estimate of cost is $2,500—$2,000 for repairs and $500 for replanting. It is probable that the embankments will be thickly planted with honeysuckle or some growth whose roots will knit the soil and prevent future washouts and slides. The council will be asked for an appropriation with which to do the work.

PARK BOARD TO OPEN BIDS.

Will Receive Proposals for Planting Trees on Two Streets.

At this afternoon's meeting of the park board bids will be opened for planting trees on East Washington and East Wayne streets from Harmer street to Glasgow avenue. This work will be performed under tree resolution No. 3.

Miss Busch has completed the primary assessment rolls for the sidewalk and combined curb and gutter on Thieme drive and it will be presented to the board this afternoon. The cost of the improvement is $2,335.62, of which the city's share is $647.47.

NURSE'S MEETING A SUCCESS.

Twelve members of the graduating class of the Lutheran hospital school for nurses attended a lecture given by Dr. E. A. Crull, secretary of the city board of health, at the health office in the city hall last night. The lecture dealt with quarantine work and health laws and their enforcement. Dr. Crull plans to give a similar lecture to the graduating class of the Hope hospital school.

ELECTION BOARD MEETS.

Messrs. William Freuchtenicht and Lee J. Hartzell, city election commissioners, met with City Clerk William T. Jefferies, who is the other member of the board, this afternoon and discussed matters pertaining to the municipal elections November 4. A similar meeting was held last evening and others will be held frequently. City Clerk Jefferies reports preparations for the balloting as nearly complete.

THREE NEW PATROLMEN.

No business was transacted by the board of safety last night save to appoint three patrolmen to fill vacancies occasioned by the resignation of Officers Miner and Nahrwold and the promotion of Officer Galentine to a sergeantcy. The men appointed last night are Fred D. Smith, W. H. Collins and E. L. Coulter.

WILL ADVERTISE FOR NEW BIDS.

The board of works will readvertise for bids for the reconstruction of the sidewalks in the Calhoun street subway. The bids of the Moellering Construction company and of Gallagher & Ryan were rejected yesterday afternoon after having been under advisement since Monday. The board found the bids did not conform to the specifications.

BUILDING PERMITS.

Fred L. Bushman, 925 Organ avenue, 2-story frame dwelling, $3,000.

G. F. Hilgemann, 1805 East Washington street, 2-story brick dwelling, $5,000.

TO SEE ROADS AND BRIDGES.

The county commissioners will go to Cass county Friday to examine some new highways that are constructed with an asphalt binder. These country highways are said to be excellent. The commissioners will also examine a number of new concrete bridges recently built to replace some destroyed by last spring's floods.

THE BIRTH RECORD.

To Mr. and Mrs. E. H. Cullen, 433 East Creighton avenue—a girl.

To Mr. and Mrs. Francis B. Pommert, 601 Holman street—a girl.

WORK AT ELEVATION.

Traction Company Starts Laying Slabs Under the Wabash Grade.

The Fort Wayne & Northern Indiana Traction company started laying concrete ties on Broadway beneath the elevation at the Wabash tracks this morning and by tomorrow night it is said the workmen will be ready to place in the rails. The work has been progressing slowly, according to officials of the company, and as a result patrons of the street car service who reside in the southwestern portion of town have been subjected to considerable inconvenience in reaching the central portion of the city.

J. A. Greenland, general freight and passenger agent, announces that special cars will be operated over the lines of the Fort Wayne & Northern Indiana to accommodate delegates coming to Fort Wayne for the annual state congress of mothers, to begin here Nov. 14.

DECLARES A DIVIDEND.

At a meeting of the directors of the German American National bank Tuesday the regular quarterly dividend of 2 per cent. was declared, and checks will be forwarded to stockholders Nov. 1.

The young women friends of Miss Jessie Orr had an opportunity to extend their good wishes this afternoon while drinking a cup of tea at the home of Miss Alma Dreier. Miss Dreier, with Miss Orr, received her friends and later Miss Dreier presided at the tea table herself, to insure the cordiality of the affair and to disabuse any idea of formality. Pink roses and chrysanthemums lent a touch of additional beauty to the scene.

Scheiman—Doehrman.

No larger or more beautiful wedding has taken place in years i nthis city than that of Miss Alma Doehrman, daughter of Mr. and Mrs. William Doehrman, and Mr. Arthur Charles Scheiman, son of Mr. and Mrs. F. E. W. Scheiman, on Tuesday evening in St. Paul's Lutheran church. A musical half hour which was given by Miss Bertha Pageler, soprano, and Prof. Waller, at the organ, entertained the guests previous to the entrance of the bridal party at 7 o'clock. Mr. A. C. Schroeder, of Grand Rapids, Mich., acted as master of ceremonies and he was assisted by the following young men, who were ushers: Edward and Martin Doehrman, Harry Ranke, Charles Jacobs. The bride's attendants were her sister, Miss Luella Doehrman, maid of honor; Mrs. Walter Bauer, matron of honor, and Miss Frieda Scheiman, a sister of the groom. The bride entered with her father and she made a beautiful and dignified appearance, not only for the elegance of her costume, but by reason of a womanly and charming manner. Her gown was made of satin vigilante and real princess lace, made in full evening style, with train that extended from the waist line under a drapery of the material that formed a sash-like effect. The decollete bodice was entirely of lace and fine net edged with pearl bead trimming and a deep drapery of lace across the front of the skirt simulated the overskirt effect. The long train was edged with white fur and when the bride donned her wedding veil it was looped on one side gracefully with a cluster of orange blossoms. The veil was a departure from the cap effect, being box pleated to wear in bandeau fashion and that was held in place with a spray of orange blossoms that were the same flowers the bride's mother wore on her wedding day. The groom's wedding gift was a brooch of seed pearls and diamonds in mercury wings design. Three shades of yellow were represented by the bridemaids. Mrs. Bauer was in a pinkish yellow charmause with trimming of beautiful Bohemian lace and she wore a paradise feather ornament in her hair. Miss Doehrman looked very lovely in a lemon crepe de chine made with lampshade tunic of yellow lace and yellow crystal beads and a bandeau of beads in her hair carried out the effect. Miss Scheiman looked extremely pretty in a pale yellow charmeuse evening gown. Its trimming was of lace and white fur. Each bridesmaid carried a white shepherd's crook to which was tied a cluster of flowers to match the shade of her gown. The church decorations were yellow chrysanthemums and small palms. At the bride's home about seventy-five guests, including relatives and intimate friends, were present to offer felicitations. The bride and groom were assisted in receiving by their parents. Particular significance was lent to the occasion as the day was the marriage anniversary of Mr. and Mrs. Doehrman and they shared doubly in the warm congratulations of many friends. A wedding dinner of sumptuous menu was served at 8 o'clock. At the bridal table everything in decorative scheme was white and green. The wedding cake was a handsome and attractive feature. Mrs. Schumacher catered for the dinner. The rooms were festooned with plumosus vine for the occasion. There were white chrysanthemums and roses in the parlor and yellow and white in other rooms. All the chandeliers had been wreathed in the feathery vine by Miss Flick, who had charge and the entire effect was charming. On an early morning train the bride and groom left for Chicago. They will be gone several days and will visit in Grand Rapids, Mich., before they return. After the first of December Mr. and Mrs. Scheiman will be at home at 715 Jackson street, where they will go to housekeeping. For traveling the bride wore a plain tailor suit of brown and blue cloth. A blouse of blue and gold embroidered chiffon, with trimming of blue buttons and gold lace and a brown velvet hat with a glint of gold and a band of brown fur and feather ornament. Both bride and groom are members of well known families. Mr. Scheiman has a good position at the Wayne knitting mills and his bride is a thoroughly capable and accomplished young woman.

Gibson—Huhn.

Miss Mary Huhn, daughter of Mrs. Emma Huhn, and Mr. William A. Gibson, son of Mrs. Christina Gibson, were married at 9 o'clock this morning at St. Peter's Catholic church, Rev. Charles Thiele officiated at the nuptial mass. Miss Katherine Gibson and Mr. Joseph P. Huhn were the attendants. They are brother and sister to the bride and groom. The bride, a pretty young woman, looked especially beautiful this morning in her wedding costume. Her gown of white silk voile with trimmings of oriental lace was made with a train to the hem of which fell the long folds of the bride's veil with an embroidered hem. The bride carried her prayerbook with marker of lilies of the valley and the cap of her veil was held in place with lilies. The bridesmaid, Miss Gibson, wore a pale blue silk mull trimmed with beautiful shadow lace and her flowers were a shower bouquet of bride roses and white rosebuds in her hair. Only relatives were invited to the wedding breakfast served at the home of the bride in East Pontiac street. The bride's table was beautiful with its handsomely frosted pyramid cake on the top of which a tiny doll bride and groom and flowers told it was a nuptial affair. The cake was wreathed in myrtle and white and pink chrysanthemums formed the rest of the table decoration. A dinner was served to relatives this afternoon at 5 o'clock and from out of town were Mr. and Mrs. John Ehinger and family, of New Haven. The bride and groom leave tonight for a trip to New York and other eeastern points and on their return will be at home with the bride's mother at 422 East Pontiac street until their own home is ready for them. For traveling the bride will wear a brown suit with brown hat that has a touch of burnt orange in its trimmings. The groom is a fireman for the Pennsylvania company.

* * *

Jockel—Kennelly.

The wedding of Miss Mary C. Kennelly, daughter of Mrs. Emma Kennelly, and Mr. Elmer J. Jockel, son of Mr. and Mrs. Leonard Jockel, took place this morning at St. Patrick's church at 9 o'clock. Rev. J. F. Delaney officiated. The bride's sister, Miss Loretta Kennelly, and a brother of the groom, Mr. Amos Jockel, were bridesmaid and groomsman and Mr. John Kennelly, the bride's brother, sang the solos during the nuptial mass. The bride wore a white satin gown trimmed with shadow lace about the neck and on the sleeves and a veil that fell to the bottom of the dress and was gathered about the face and trimmed with a wreath of satin rosebuds. The bridesmaid's gown was a pink silk and she wore a wreath of pink rosebuds in her hair. The bride held a bouquet of bride roses and her attendant carried pink roses to match her gown. Both made a very attractive appearance. The wedding breakfast was served at the home of the bride at 244 East Williams street. The rooms were trimmed with festoons of pink and white crepe paper that decorated the archways and radiated from the chandelier to the corners of the diningroom where the bride's table was laid. A wedding bell that hung in the doorway of the livingroom promised good luck to all who passed under it. Over the center of the table hung an inverted pink and white parasol and from its edge hung tiny pink and white roses. Pink and white roses and a pyramid bride's cake were beautiful things of the table. All the lights were shaded in pink and that lent prettiness to the scene. Only relatives and intimate friends were present at the breakfast. The bride and groom will not take a trip and will make their home for the present with the bride's mother. The bride was graduated from St. Catherine's academy, then took a course of training at the Fort Wayne Normal school and has taught for three years since her graduation in the Adams school, where she had the esteem and affection of all who knew her. Mr. Jockel is a clerk in the Pennsylvania offices.

Bock—Bessert.

After the marriage of Miss Ida L. Bessert and Mr. Edwin Bock on Tuesday morning they were entertained by Mr. and Mrs. Ralph Reed, of South Hanna street at an elaborate dinner, then they left for a trip to East Liverpool, O. The bride wore a tailored suit of mahogany velvet with velvet hat trimmed with plumes of the same color. Both bride and groom enjoy the admiration and esteem of many friends. Mr. Bock is a fireman in the city department at No. 1 engine house. He is very popular among his fellow workers and he kept his marriage day a secret until after the ceremony. Their many friends will extend congratulations and good wishes.

THE 5TH RECIPE AND OUR PRIZE OFFER

NEWVENO FLOUR

MAKES GOOD BAKING CERTAIN

Read This Prize Offer

(1) Mail to us, addressed to the Mayflower Mills, Fort Wayne, Ind., any recipe which you think will be new and of interest to most of the women of Fort Wayne. It may be an old recipe that has been in your own family for generations and still be new to the most of us.

(2) The only conditions are that the recipe must be one that calls for flour as an important part.

(3) If your recipe is sufficiently new and interesting for us to print we will give you a 5-pound sack of Newveno Flour free of all cost to you. Even if we cannot use your recipe we will send you a coupon entitling you to a pound package of Newveno Flour at wholesale price.

(4) Our offer closes Saturday, November 1st. The recipes submitted the earliest will stand the best chance to get a prize, so send them in early. Address Mayflower Mills, Fort Wayne, Ind.

Raised Batter Cakes

1 cake Fleischmann yeast.
2 cupfuls milk.
2 cupfuls Newveno Flour.
4 tablespoonfuls melted lard
4 tablespoonfuls syrup.
Dash salt.

Dissolve the yeast in luke-warm milk. Put into mixing bowl the Newveno Flour melted with lard, then add syrup, salt and milk. Add the yeast and mix until a smooth batter is produced. Set in a moderately warm place, cover with a cloth and let it raise over night. In the morning beat well, and fry on well-greased griddle.

"Newveno" is a high grade patent flour, ground from the choicest of wheat in as modern a mill as there is in all the world. In the Mayflower Mills we take particular care in looking after the cleanliness of our flour.

Every Day Someone

Finds out that the drug, caffeine, in coffee is the cause of headache, nervousness, irritable heart, insomnia or some other obscure ache or pain.

Steady nerves and a clear brain—the best asset any man or woman can have—are often impossible to the regular coffee drinker.

If you are ambitious enough to "get ahead," suppose you stop coffee and try hot, well-made

POSTUM

If the old aches and pains begin to leave after a few days on Postum, you'll know whether to stick to it or go back to coffee troubles.

Postum now comes in two forms.

Regular Postum—must be well boiled.

Instant Postum is a soluble powder. A spoonful dissolves in a cup of hot water, and with sugar and cream makes a delicious beverage instantly.

Drink It Instead of Coffee—

"There's a Reason"

EASY CHANGE

When Coffee Is Doing Harm.

A lady writes from the land of cotton of the results of a four years' use of the food beverage, Postum:

"Ever since I can remember we had used coffee three times a day. It had a more or less injurious effect upon us all, and I suffered almost death from indigestion and nervousness.

"I know it was coffee, because when I would leave it off for a few days I would feel better. But it was hard to give coffee up, even though I realized how harmful it was to me.

"At last I found a perfectly easy way to make the change. Four years ago I abandoned the coffee habit and began to drink Postum and I also influenced the rest of the family to do the same.

"Even the children are allowed to drink it as freely as they do water. And it has done us all great good. I no longer suffer from indigestion, and my nerves are in admirable tone since I began to use Postum. We never use coffee any more.

"We appreciate Postum as a delightful and healthful beverage, which not only invigorates but supplies the best of nourishment as well." Name given by Postum Co., Battle Creek, Mich.

Ebbets Likes Dahlen But Brooklyn Fans Are Demanding Change of Management; May Win

Story of a Change is Revived But Bad Bill Has Gone Hunting and is Not Worrying About the Matter.

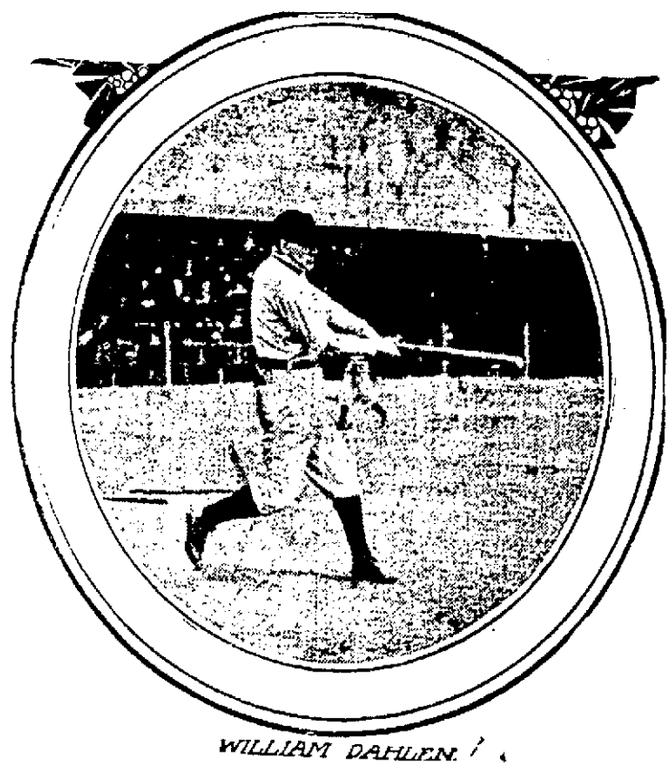
New York, Oct. 22.—Whether Bill Dahlen will be succeeded as manager of the Brooklyn baseball team by First Baseman Jake Daubert or Harry Smith, leader of the champion Newarks, is a question that cannot be answered at present. President Ebbetts recently stated that Smith would remain in Newark and there is reason to believe that this assertion was based upon good judgment. The Brooklyn club by taking away Atchison, Collins and McCarty from the Newarks in August caused much ill feeling in the Jersey metropolis, where the fans now demand the reengagement of Manager Smith.

Ebbets appointed Dahlen manager of the Brooklyns in 1910 and he has championed Bad Bill ever since. But Brooklyn fans and critics have developed so much opposition to Dahlen that the McKeever brothers, who are big stockholders in the club, believe that a change in management is imperative.

Ebbets openly defends Dahlen when the latter is blamed for the poor showing of the Dodgers this year. He says that Dahlen was praised when the team was running neck and neck with the Phillies for the lead during the first month of the season.

"But Dahlen wasn't to blame when Rucker, Allen, Cutshaw, Fisher, Stengel, Wheat and other players became crippled," declares the Brooklyn club's president. "He couldn't keep the team in the first division with a lot of cripples in the line-up."

Ebbets further shows that at the fag end of the season the Dodgers were recovering their lost form, but the fact that the Boston Braves beat them out of fifth place in the last two games of the schedule is a blow from which Brooklyn fans are slow recovering. The McKeevers are not overburdened with sentiment, however. They believe that the fans in Brooklyn want a change, and that the unpopularity of Dahlen already has been established.



WILLIAM DAHLEN.

Leading fans have obtained many signatures to petitions asking for the appointment of Daubert, and from what the wiseacres of Flatbush say, Daubert will be the choice, if Ebbets finally decides that the opposition to Dahlen is too strong.

Daubert is a first-class ball player, and a smart one, too. He led the National league in batting this year, and is the Brooklyn fans' idol. He never has tried to undermine Dahlen. In fact, they are close friends, and Jake has defended Bill in numerous arguments. But if the Brooklyn club decides to shift the responsibility to Daubert's shoulders the latter doubtless will accept, in which event the fans will rejoice openly.

Dahlen has gone on a hunting trip with big Ed Reulbach, and, as usual, he is not a bit exercised over the crisis. He is banking on Ebbets to look after his welfare.

SIXTH PLACE IN JOHNSON LEAGUE

Giants Would Not Have Been Able to Land Better in American.

CAN HIT AND PITCH

New York, Oct. 22.—Where would the Giants finish if they were in the American league? Answer—they would be lucky to land in the first division. Perhaps the correct guess would be sixth place. The Athletics showed such overwhelming superiority over them that it is a certainty Connie Mack's National league champions are a cinch in the class with Washington of Cleveland of the Americans, and the Red Sox and White Sox are so little behind those two that it is difficult to see how the Giants could defeat them, either in a short series or in a full season's schedule.

This looks rather rough on the National league, but a little unbiased, careful thought on the subject will convince any close follower of the pennant races of its truth. The main percentage in favor of the American league just now is the superiority of the younger circuit in the two principal fundamentals—batting and pitching. Joe Tinker remarked back in August, after he had found opportunities on a few days off to take a peek at games of the American leaguers that the pitchers in the Johnsonian circuit, taken as a body, are fully 25 per cent. stronger than those of the National league—and he is a National leaguer. He made this observation after sitting in the stands behind the catcher and basing his judgment, not on the amount of batting done, but on the stuff the twirlers put on the ball.

Frank Chance said the same thing in September. He opined that even the tail end Browns, with Hamilton, Laverenz, Wellman, Baumgartner and other pitchers had a hurling staff stronger than any in the National, with the possible exception of the Giants' corps, and the Athletics found the Giant pitchers easier than they did those of the Browns, with the single exception of Christy Mathewson. Against the better pitching of their circuit, the American league batters hit twenty points harder than did the batters of the National league against their weaker pitching.

Connie Mack expressed the opinion in August that his pitching staff was excelled by those of at least three other teams in the American league. If that is so—and Connie is a pretty good judge in such things—where would the Giants have been if they had been up against Walter Johnson, Joe Boehling and company, declared by Mack to be the best in the American league. Clark Griffith, manager of the Washingtons, while the recent massacre of New York was in progress, sighed: "Oh, if only my team had a crack at these Giants! Johnson could shut them out in the first and third games, Boehling could do it in the second and Engel in the third. It would be the only world's series in history where the losers failed to get a single run." Griffith, of course, is stretching a point when he speaks of the Giants—or even, if it were the Cardinals or any other team—going through a whole series without a run, but it would have been a slaughter, nevertheless. And Falkenberg, Gregg and the other Cleveland pitchers could make the Giants eat crow almost as lustily, to say nothing of how Joe Wood, in condition, seconded by Bedient, could do it. Or bring Ed Walsh back into shape and let him and Reb Russell go it, alternating in the box. Also, one could go still a step farther and ring in George Dauss and Jean Dubuc of the sixth place Tigers, against the Giants, letting Ty Cobb and Sam Crawford bear the brunt of the attack. They would stand pretty close to an even chance with the Giants and it is within the realms of possibility that they can beat the McGrawites. If that were the case, the Giants would wind up in seventh place, if they should buy an American league franchise.

TRIP WILL SHOW IN 1914 SEASON

Effect of Continuous Ball to Be Seen in the Big Show.

OWNERS WILL WATCH

New York, Oct. 22.—It will be interesting to note what effect, if any, continuous ball playing will have on the men who are taking the world tour with McGraw and Comiskey. Some people believe that the long journey will prove harmful to the players, and that it will seriously impair their playing form next season.

If the Giants make a poor showing in 1914 it will undoubtedly be traced back to the tour, and the same is true of the White Sox, regardless of the fact that there are almost as many men from other teams playing with the combination as there are from the Giants and the Sox.

However, when the Giants went to Cuba and played most of the winter it did not prevent them from winning the pennant in their league the following season, and cases where a man was affected by his off season playing seem to be comparatively rare.

The members of the touring teams will have to get in their training licks for 1914 on the road, as they do not get back to this country until the clubs are about ready to break camp in the south. McGraw will not land at Marlin with his men until about March 10, and by then the Giant crew is usually preparing for the long jaunt home.

HANDICAP WOULD HELP WEAKLINGS

Hedges Has Plan to Build Up Tail End Clubs in Majors.

HAS A SLIDING SCALE

St. Louis, Oct. 22.—It has come at last—handicap baseball advocated by a magnate. R. L. Hedges, president of the Browns, has a proposition to handicap the major league clubs so as to insure greater success for the weaklings. Hedge's plan seems to be a logical one for handicapping the leaders and preventing them from grabbing all the baseball plums in the way of prospective big league stars.

"Under the present system in the major leagues its extremely hard for tail end clubs to edge into the first division," said Mr. Hedges. "The winning clubs make big money, and for that reason they pay big money for talent. They sometimes pay fabulous and senseless prices for promising men. The owner of a losing club would go bankrupt trying to compete against the winners, figuring that a few of the high priced individuals would fail to deliver.

"Now, what I'm driving at is this: We'll take the case of the Giants. They are a winner this year, we'll say. McGraw has a team of comparative youngsters. Yet he may have a weak link in the chain. So he goes forth into the market and offers $10,000 for a class D player of promise. He gets him, puts him on the bench and in two years this player bobs up as a star. McGraw, who really needs, we'll say, two players for next season, will outbid his rivals and buy ten or fifteen players. He takes many promising men who are of no use to him, but who would help a second division club. The latter club has not the financial fortification to compete with McGraw.

"Now, my idea is to limit McGraw to twenty-five players on his reserve list. Give the team which finishes second and the team which finishes third a limit of twenty-seven players. The fourth and fifth place clubs should have the privilege of putting thirty on their reserve, while the sixth, seventh and eight place clubs should be privileged to retain each year thirty-five players.

"This would give the losers a larger squad to pick from. It would prevent McGraw and the other leaders from paying reckless and insane prices. It would readjust the game, balance the league and distribute the pennants. Now this idea may listen queer just at present, but wait and see what happens.

"I'll guarantee you one thing: If the Browns ever win a pennant, if they ever get up near the top, they will stay there. This for the simple reason that we will have the money to outbid other clubs. We will get first crack at the talent and will skim the cream from the crop every season. I can't understand why a manager capable enough to win a pennant and probably backed up financially in securing new material ever should be dethroned. If he spends the money he should get the pick of the country each year and remain at the top once he reaches there.

"However, this condition is unfair to weak clubs, and mark my word, there will be a sensible readjustment of present conditions."

TRADE IN FOREIGN COUNTRIES.

In foreign countries you come into competition with the best goods from every land. An article must have merit of the highest order to win esteem. In many of these countries Chamberlain's Cough Remedy is the most popular medicine in use for coughs and colds because it is the best. For sale by all dealers.—Adv.

DAYTON GETS BUSH PITCHER.

Dayton, O., Oct. 22.—Carl Grahl, a farmer boy who is touted as being some pumpkins at hurling the baseball, has signed a contract to try his hand pitching for the Vets next season. Grahl lives near Venice, O. He pitched eleven games in the City league at Sandusky this year, winning nine. Leo Sacksteder, a Dayton fan who is up in that part of the state, recommended him to President Redelle. Grahl is only 21 years old, is about six feet tall, and hurls with his right hand. These facts, together with his style, impressed Sacksteder, who recommends him highly.

OLD ROMAN PUTS SPIKE IN STORY

Says World Tour Will Go If Nothing is Taken in at Gate.

SNOW MEETS TROUPE

Chicago, Oct. 22.—"The trip is not being made for the purpose of making money. It is a realization of a long nourished ambition and will go through as scheduled if only a dollar is taken in at the gate between now and March 6. I can't understand what object anyone can have in circulating such a story," said Charley Comiskey, of the world tour of the baseball troupes.

It never rains but what it shines, and it never snows but what it rains, or something like that. The snowstorm brought with it a swell winter tale, but the plot is as light as the snowflakes.

According to the yarn, the round-the-world tour in which the White Sox and Giants are now indulging, is to be called off at the end of the barnstorming invasion on American soil provided the attendance indicates the unpopularity of the venture or because of lack of weather.

In brief the story runs that if the receipts do not exceed the expenses between now and Nov. 19, when the teams are booked to sail from Vancouver, B. C., the jaunt will come to a sudden end and the athletes return to their homes without the globe-girdling dream realized.

When or where the report started is a mystery. It is credited to invidious persons. When asked about it Charles Comiskey, the White Sox president, emitted a hearty laugh, but at the same time took pains to emphasize the fact that the White Sox and Giants will circle the globe regardless of cost.

The truth of the matter is that Comiskey could not save money by calling off the trip even if he knew it would be a financial failure. The Canadian Pacific railroad officials are sitting tight on a $45,000 guarantee that was posted early in the summer. This was turned over to pay for reservations and getting it back would prove too much of a feat for even a modern Samson.

Comiskey is going right ahead with plans despite the fact that individuals not concerned are callings off the trip. Jim Mullen was enlisted yesterday and will make the journey. Other additions are expected. As the "Old Roman" couldn't let a fall slip past without a visit to Camp Jerome in the Wisconsin northland, he and Ban Johnson have planned to depart for that neck of the woods tonight. They will be gone about four days.

Go Work in the Skin
A Marvel in Medicine

Boils, Pimples, Carbuncles, Blotches and All Blood Impurities Vanish.

Get Rid of Boil Misery—S. S. S.

Boils, like hard luck, often come in squads and make life just one misery after another.

Now and then we see an old boil that has defied treatment year after year, like the following:—"I had a sore on my face for twelve years. All the doctors declared there was no cure for it. One wanted to lance it, but I concluded to clean out my blood with S. S. S. and now I am completely well. Everybody that knows me is astonished at my cure," says John I. Ward, 1296 W. Broad St., Savannah, Ga.

People marvel at such results. The reason is just this:—There is one ingredient in S. S. S. the active purpose of which is to stimulate the skin tissue to the healthy selection of its own essential nutriment.

And if from the presence of some disturbing poison there is a local or general interference of nutrition to cause Boils, Carbuncles, Abscesses and kindred troubles, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

Then, too, S. S. S. has such specific stimulation in these local cells as to preserve their mutual welfare and a proper relative assistance to each other.

In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, cell disintegration ceases, and from head to foot there is a conscious sensation of renewed health.

From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation.

Get a bottle of S. S. S. at any Drug Store and note the wonderful results. But be careful not to fall a victim to the snares of the substitution fiends who always have some mineral stuff claimed to be "just as good."

S. S. S. is prepared in the famous Laboratory of The Swift Specific Co., Atlanta, Ga.

For personal advice on special treatment for skin eruptions write them at 260 Swift Building.

Suits and overcoats made to your measure and cost no more than "ready-mades."

CHILD KILLED ON CROSSING

Loses Life While on Way Home from School at Forest.

NEW EDUCATIONAL SHOP FEATURE

Electric Works Inaugurates Special Course for the Apprentices.

A most shocking scene was the accident at Forest, Ohio, at noon yesterday in which the engine pulling the second section of Pennsylvania train No. 21 struck little Corinna Houser on a street crossing and literally tore her head off. The child was eight years old and the daughter of people who resided near the scene of the accident. She was on her way home from school, which took her by the depot. No. 6, the eastbound passenger train, was just pulling out of the station and as the last car passed her, she darted across the tracks and got on the opposite one just in time to be picked up by the engine and be hurled violently aside. The train was in charge of Conductor B. J. Howley and Engineer Joseph Voirol and it was moving at the usual speed at that point. The accident happened on the High street crossing.

SCHOOL FOR APPRENTICES.

Electric Works Makes Innovation in Educational Lines.

The management of the Fort Wayne Electric works of the General Electric company is making an innovation in the matter of educating apprentices at the big plant on Broadway. The apprentices number about twenty-five and they are not only instructed in mechanical matters, but are given an academic course, which includes mechanical and perspective drawing, mathematics and algebra, orthography, English composition and business methods generally and the boy who faithfully sticks to the school during the four years of his apprenticeship will not only receive a cash bonus, but will have acquired a knowledge that will be of inestimable value to him. Ray J. Doyle, a young mechanic of exceptionable ability, has been engaged to look after the mechanical end of the school and Factory Supt. E. A. Barnes is now looking for an active and intelligent young man not over thirty-five years who is capable of handling the academic end of the school. This school has its headquarters in a room assigned for that purpose on the second story of the big factory building on Broadway, which is well equipped with machinery, tables and other appurtenances of a first class school room.

HAND BADLY CRUSHED.

William Klepper Victim of Distressing Accident.

William Klepper had one of his hands so badly injured this morning that one and possibly two of the fingers may have to be amputated. He is employed as a laborer in Martin Cramer's gang in the yards at the Pennsylvania shops and store room and at 10 o'clock was straightening some bars of iron on a hand truck as two men dropped them down from a gondola car. One of the pieces, 5x1¼ inches and six feet long, fell on Mr. Klepper's hand, bruising the back and crushing the fingers, three of them badly. He was taken to St. Joseph hospital, where the company surgeon made an examination and stated that one and possibly two of the fingers might have to be amputated. Mr. Klepper has been employed in Foreman Cramer's gang twelve years.

Why is the soda cracker today such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

Uneeda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection until you take them, oven-fresh and crisp, from their protecting package. Five cents.

NATIONAL BISCUIT COMPANY

NOT MANY MEN TO GO.

Wabash Will Not Greatly Reduce Shop Force Here.

E. F. Needham, superintendent of motive power of the Wabash, who is here today, said this morning that very few men in the local shops will be affected by the opening of the big plant at Decatur for two or three months, and may not at all. "We expect to have work going on in the local shops as usual, with the exception of class 4 work, which means the installation of new fireboxes," said Mr. Needham. "We are putting the Decatur shops in operation by degrees and it will be some months before they will materially affect the Fort Wayne shops, if they affect them at all," he continued. Mr. Needham will leave this evening on No. 5 for his home in Springfield. At present the local shops are short on helpers and additions are being made to the force as rapidly as the right kind of men apply. Yesterday three new helpers were hired and this morning the following were placed on the pay rolls: Oscar Moore, Ed Ward, F. E. Ferguson, Raymond Shelly, D. E. Nichols and Thomas Payne, all machinists' helpers.

NOT HURT BUT ALMOST.

A laborer who refused to give his name came near being injured at the new Wabash depot this morning. He was engaged in carrying bundles of wooden strips, 1x3 inches and about 12 feet long from a pile west of Harrison street to the new station, walking along the side of the railway tracks. When eastbound passenger train No. 28 came up behind him he stepped aside and slightly turned to look at it and as he did so the end of the bundle caught on the grab iron at the baggage door and hurled the pieces aside. The string which bound them together broke and to this incident is due the fact that the man was not thrown under the wheels. At it was he was merely pushed aside and not in the least injured. The planks tore the hand bar from the car and scratched the paint on the side somewhat.

MR. WOOD'S LATEST PRODUCTION.

J. J. Wood, factory manager of the Fort Wayne Electric works, and the inventor of most of the products of that plant, has returned from Schenectady, where he demonstrated a new switch for motor starting purposes before the General Electric company's engineers. The invention was declared a valuable acquisition to the patents owned by the company. Mr. Wood has also recently invented an automatic thermostat for regulating the temperature within refrigerators connected with the ice-making machines manufactured at the plant on Broadway.

TRAIN STRUCK ICE WAGON.

The engine pulling westbound Pennsylvania train No. 23 struck an ice wagon yesterday on a crossing at Delphos; smashed the vehicle into kindlings and badly hurt the driver, William Kipt. The horses broke away from the rig and escaped. Kipt laughed when the watchman tried to stop him and drove ahead, apparently with the belief that he could get over the crossing in safety. He received internal injuries and numerous cuts and bruises on the head and body and may not survive.

TO THE WOODS OF MAINE.

Last night a party of hunters left Fort Wayne over the Wabash for the big woods of Maine, where they will go into camp at a place called Weekshora. In the party were Contractor H. W. Tapp, Pennsylvania Yardmaster Art Hicks and Conductor Ham Shelley. Last year this party spent two weeks in the same woods and brought home eight magnificent deer.

TWENTY APPLICANTS FOR POSITION.

November 1, I. N. Andrews will retire from the office of agent of the freight department of the Wabash at Toledo. No announcement of a successor has been made, but it is expected daily. It is said that twenty applications for the position have been filed with the authorities at St. Louis. It is presumed that civil service rules will prevail and that the successor to Mr. Andrews will be one of the faithful agents from other points on the system.

Lost His Life in Railway Accident.

ENGINEER BURT FLOWERS.

The remains of Burt Flowers, the Pennsylvania engineer who was fatally injured Monday night when his engine and eight cars plunged off at the derail at the Grand Trunk crossing two miles west of Valparaiso, were brought to Fort Wayne on train No. 8 Tuesday night. Mr. Flowers was 36 years old and was employed on the Pennsylvania road twelve years. In addition to the widow and daughter, Miss Marea Flowers, he is survived by three brothers and two sisters. They are Elmer Flowers, a street car conductor, of this city; Charles and Pearl Flowers, residing in Oregon; Mrs. Elizabeth McKinley, of Forest, O., and Mrs. Virgie Seymour, of Forest, O. The parents, who resided in Forest, have been dead some years.

Mr. Flowers was a member of A. G. Porter lodge, No. 141, B. L. F. & E., which will have charge of the funeral, and of the Pennsylvania Voluntary Relief.

INJURED ARE RECOVERING.

The news from the bedside of S. D. Walters, the Pennsylvania brakeman who was injured in the accident at Valparaiso Monday night, is very encouraging. He is said to be resting easy and will recover. Fireman Ritcha is also getting along first rate and will soon be out. He is at his home in this city.

FINGER BADLY CRUSHED.

O. S. Crisendry, a helper in the Pennsylvania blacksmith shop, got his left hand caught between a piece of metal and an anvil and the index finger was crushed. He will be off duty a week or two.

MEETING POSTPONED.

Hyacinth lodge, Ladies' society, B. L. F. & E., has postponed the meeting this week on account of the death of Bart Flowers, one of its members.

INDUSTRIAL NOTES.

Blacksmith M. Feuchter, of the Pennsylvania, is sick and off duty.

L. Kratchman, a hammer operator at the Pennsylvania blacksmith shop, resigned this morning.

Commercial Agent A. L. Gilbert, of the Wabash, is entertaining his daughter-in-law, Mrs. Dale Gilbert, of Cleveland.

B. F. Sarver, general foreman of the boiler department, left last night for Mahoningtown on business for the company.

A. L. Hadley, of the engineering department of the Electric works, was looking after company business in Chicago yesterday.

M. S. Willson, foreman at the testing room of the Electric works, is on duty again. He was laid up awhile with an injured knee.

R. W. McCoy, a few years ago landlord at the Pennsylvania Lines hotel, who had been making a short visit here, left today for his home in the south, where he is conducting a winter resort hotel.

George Ruck, a testor at the Fort Wayne Electric works, is still suffering from an abscess on one of his knees and may not be able to resume work for a week or more. He has been off duty since last Saturday.

The Y. M. C. A. services at the Pennsylvania machine shop tomorrow noon will be conducted by Rev. M. L. Buckley, of the West Creighton Avenue Church of Christ. The round house meeting yesterday was conducted by Rev. A. R. Evans.

The Big Four shops at Wabash were closed Monday and about 100 of the employes attended the funeral of Mrs. William Smith, at Huntington. Mr. Smith is foreman of the Big Four round house at Wabash. For many years the family resided in Huntington.

Al Smith, a crater at the Electric works, telephoned his boss this morning that a baby boy arrived at his home last night and that he (Mr. Smith, not the baby) would not be able to report for work for a day or two. Cigars would be sent to the shops after dinner, however.

W. B. Madara, special man in the mechanical department of the Pennsylvania, has returned home. He was spending a week at Chicago, studying the exhibits in the foundry, machinery and tool display, which was more complete and better than any before given in America.

Machinist Frank Nichter has returned from Allegheny and Conway, where he spent a week in the interest of the Pennsylvania company.

Lehman's Clothing House are going to give away one dollar bills. (See south window.)

The Electro-Technic club opened the 1913-1914 lecture course last night by a lecture by Prof. C. M. Smith, of Purdue university. There were seventy-five people in the audience, which was considered a good attendance for the first night, and the interest in the lecture was general. "It was one of the best," one of the audience said.

Lehman's Clothing House wants to give away $1,500.00 in the next ten days. (See south window.)

Machinist W. Miller, of the Pennsylvania erecting shop, was summoned home this morning on account of the illness of his baby.

NEWS OF FORT WAYNE'S NEIGHBORS

MISSIONARY SOCIETY WINS.

Court Gives it Undisputed Title to $20,000 Bequest.

Warsaw, Ind., Oct. 22.—The long-drawn-out legal fight between the heirs of Elijah Hays and the trustees of the Missionary society of the Methodist church has finally been settled, the end coming when the appellate court refused to grant an appeal to the Indiana supreme court. This gives the church undisputed title to the property.

Years ago Hays deeded all his property to the M. E. church, to be used as a benefit for the Nicholas Law Theological seminary at Mercedes, Argentina, South America. The property was worth between $25,000 and $50,000. He provided for an annuity of $1,000 for himself and $500 for his wife, and by denying himself every luxury and even many of the necessities of life he was able to make a second deed to the church before his death. This time he gave about $20,000. After his death the heir contested the second transaction, pleading that he was of unsound mind and was influenced by members of the church. The case has been in court for many years, having been started in the Kosciusko county court, where a decision was rendered in favor of the church.

FIND SEQUESTERED PROPERTY.

Plymouth Ind., Oct. 22.—Assessor Geo. Smith has traced up a case of sequestered property on which there is due this county the sum of $600 in unpaid taxes. In the investigation of this case it was also found there was due Kosciusko county the sum of $1,000 taxes from the same source. The latter county has brought suit for these unpaid taxes due on money that had never been given in, and it was in this case that Assessor Smith was summoned last week as a witness, with his assessor's sheets, before the Kosciusko circuit court.

AGED PREACHER IS DEAD.

Columbia City, Ind., Oct. 22.—Rev. Joseph Bumpus, aged 88 years, the oldest minister in the Church of God Eldership of Indiana, in point of service, which was forty-eight years, is dead at Syracuse, Kosciusko county, Indiana, after a very short illness, his death occurring on his birthday, and many friends all over the state will regret his passing, as he was particularly well known from his frequent travels over Hoosierdom. At one time years ago, he was pastor of the Compton church, just southeast of this city, and had made arrangements last January with Rev. L. A. Luckenbill, pastor of the church now, to preach his funeral. He was one of the three old men who passed the four score age in the eldership, to whom Rev. Luckenbill had made a similar promise. He was born October 20, 1825, in Richland county, Ohio, and his wife died three years ago. He leaves six grown children.

FATHER FATE TO LEAVE DELPHOS

Delphos, Ohio, Oct. 22.—Although official notice has not been received as yet, regarding a change in the assistants at St. John's Catholic church here, according to an announcement from Toledo and other information received here, Rev. Father Fate, now assistant to Rev. Frederick Rupert here, is to go to the Good Shepherd church in Toledo, as assistant to Rev. Patrick O'Brien, having been appointed to that charge by Bishop Schrembs. During his stay in Delphos Father Fate has made many friends who will be sorry to see him leave this city. It is likely that he will preach his farewell sermon here next Sunday and will leave next week for his new field of labor. Rev. Stephen Landolt, who was formerly assistant in Delphos, but who went to Holgate from here, will return to Delphos as assistant.

FREAK BEETS ARE GROWN.

Decatur, Ind., Oct. 22.—E. M. Wagner, agriculturist for the Holland-St. Louis Beet Sugar company, was at Auburn looking after business for the company and reports two freak beets delivered there during his visit. One was six feet long and the other one four feet and three inches. The beets were grown in a creek bottom, underlaid with sand and gravel that constantly holds water, and during the dry season they rooted down to find moisture until the ends of the roots had reached the water. The beets are probably the largest on record and attracted great attention when delivered at the weigh station. The largest one was grown by Burt Lockwood and the other by a neighbor in the same vicinity.

TWO-YEAR-OLD'S NARROW ESCAPE.

Van Wert, O., Oct. 22.—Evelyn, the two-year-old daughter of Mr. and Mrs. Ray Arnold, of North Walnut street, was painfully burned and narrowly escaped death when she innocently attempted to drink from a bottle of carbolic acid at their home. Her mouth and chin were burned by the acid but it is not the belief of the physician called that she swallowed any of the deadly drug. Her condition today is indicative that she will recover rapidly from the effects of the mishap. The bottle containing the acid, which had been used for sanitary purposes, had been knocked down near the drain where it had been kept on a shelf. The greater part of the contents had spilled on the floor, but a sufficient amount remained to burn the baby.

NO TRACE OF MISSING GIRL.

Van Wert, O., Oct. 22.—The police so far have been unable to secure any trace of Lizzie Hufford, the 14-year-old daughter of Mr. and Mrs. T. E. Hufford, of 520 George street, who left home Friday morning without leaving any trace. Various persons claim to have seen her on the streets of the city, even as late as Saturday night, while others have seen her leave on almost every car and train, but notwithstanding that the police are at sea as to when she left the city and where she has gone. The police departments of Cincinnati, Dayton, Sidney, Lima, Delphos, Celina, Paulding, Toledo and Fort Wayne have been given a description of the girl and asked to detain her in case she is apprehended.

MAN WITH GUN CUTS UP NASTY.

Geneva, Ind., Oct. 22.—As the result of too much whisky, three affidavits for assault and battery and of drunkenness have been filed against Bert Webb, an oil worker, who resides near here. A number of parties had been drinking in the south end of town and being in an intoxicated condition, they were making themselves obnoxious to the residents. John Studer, going to a neighbor's home to telephone for the police, was assaulted by Webb. The father of Bert Webb attempted to help Studer from the attack of his son and was himself attacked and severely beaten. Charles Ball was then attacked by Webb and was only forced to desist by the display of a revolver.

GETS LONG SENTENCE.

Decatur, Ind., Oct. 22.—The heaviest penalty imposed for crime in the Adams circuit court in years was given James Thompson when he entered a plea of guilty to a charge of burglary in Judge Merryman's court. The law has fixed the punishment for the offens. at confinement in the state prison at not less than ten years nor more than twenty years, and this was the judgment entered against him.

Thompson is the man caught in the Holthouse clothing store a week ago Monday morning, when he was arrested and placed in the county jail for safekeeping.

DITCH WILL COST OVER $11,000.

Bluffton, Ind., Oct. 22.—The report has been filed by Surveyor C. W. Decker and the viewers on the W. J. Smith ditch, in which a large number of land owners in the vicinity of Kingsland and between that town and Ossian are interested. There was quite a fight made on the ditch petition in commissioners' court, but the petitioners won out, and there now is a possibility of the fight being renewed, especially by the railroad companies, on the assessments. The total cost of the ditch is estimated at $11,000.00.

FINE CHURCH FOR HUNTINGTON.

Huntington, Ind., Oct. 22.—A campaign is afoot here to erect a new Methodist Episcopal church edifice and according to statements by Rev. W. F. Smith, pastor of the First M. E. congregation, the new building will cost not less than $60,000, of which $30,000 already has been pledged. A family belonging to the congregation has pledged $20,000 to the building fund provided at least three times that amount is raised. Ten thousand dollars additional is in sight. It is believed that $75,000 can be raised to carry out the plans.

GENEVA PIONEER IS DEAD.

Geneva, Ind., Oct. 22.—Alexander Rayn, 70, a pioneer resident of this vicinity, is dead at his residence, one and one-half miles south of here in Jay county. The deceased was a soldier in the civil war, being a member of the Fifty-third regiment, Indiana Volunteer infantry. Mr. Rayn owned 205 acres at the time of his death besides real estate in Portland. After short services at his residence here today the funeral was held in the Presbyterian church, Portland, by Rev. Mr. Stewart.

CHURCH MUST PAY TOWNSHIP.

Warsaw, Ind., Oct. 22.—The case of Jonas Middleton against the school township of Tippecanoe, which was heard in the Kosciusko circuit court by Judge L. H. Wrigley, of Albion, came to an end on Monday, when Judge Wrigley rendered his decision in the case. By the terms of the decision the Church of God at North Webster must pay Tippecanoe township $200 and also pay the costs of the case.

FAST WORK IN COURT.

Huntington, Ind., Oct. 22.—Within less than twenty-four hours after he had slugged and robbed William Brown, a fellow-workman on a bridge gang near here, James Bayshore had pleaded guilty and received his sentence in the circuit court. He was ordered to serve two to fourteen years at Jeffersonville. Bayshore said he was 25 years old and had served three years in the federal prison at Leavenworth for desertion from the army.

INDIANA ELOPERS WED.

Hillsdale, Mich., Oct. 22.—Harry Carl Long, of North Manchester, Ind., a theater manager, and Miss Carrie E. Borders, also of that city, were married at the court house yesterday, Justice C. M. Weaver, officiating.

Clyde Earl Sipple, of Montpelier, Ohio, a railroad fireman, and Miss Winna Jane Noble, of Camden, were married yesterday at the court house by Justice Weaver.

DEMENTED MAN IS HELD.

Columbia City, Ind., Oct. 22.—Wilbur John Stone, aged 23 years, a graduate of Purdue university at Lafayette, Ind., who gave his name as Jeremiah Thompson, and used several other aliases at the Whitley county jail, was arrested while wandering around in the stairway leading to the office of Dr. O. V. Schuman and the Farmers' Mutual Co. exchange. He is believed to be demented.

ITALIAN HELD FOR ROBBERY.

Kendallville, Ind., Oct. 22.—Tony Mediln, thought to be an Italian crook of unusual shrewdness, who hails from Toledo and who openly declares that his record dates back to his native Italy where his stiletto put at least one man out of business, is now in the city bastile facing a probable investigation by the grand jury on the charge of forcing and entering a Lake Shore freight car with intent to commit a felony.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backachy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

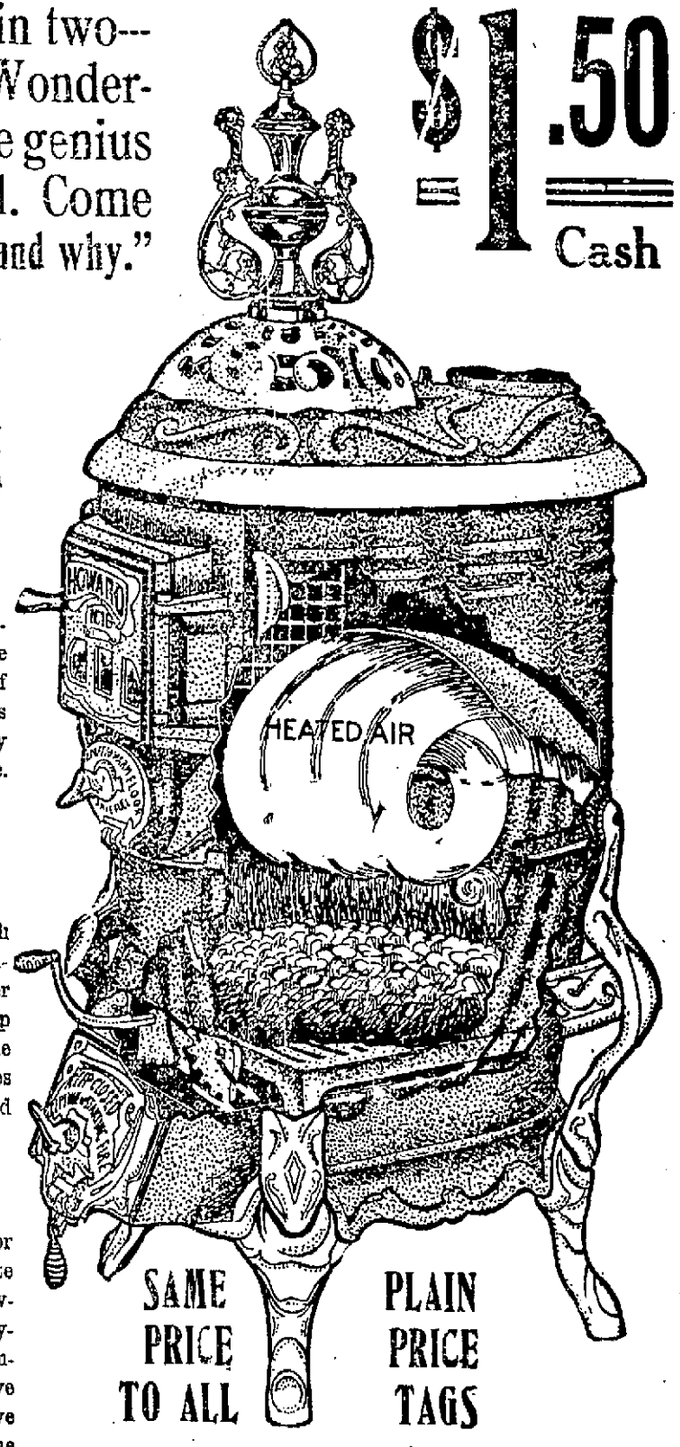
To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

Wonderful New Howard Heater

Modernize your heating facilities---Cut your fuel bill in two---Hadley's introduce to Fort Wayne Homemakers the Wonderful new Howard Heater--the latest result of inventive genius to produce more heat with less fuel and any kind of fuel. Come in to-morrow and see a practical demonstration of "how and why."

Weekly or monthly terms to suit your payday and pocketbook

This demonstration was planned especially for you. All along we have had only your welfare in mind—the chance to prove to you by facts that it is to your best advantage to make the new "Howard Heater" your choice. If you miss it, you will have lost a great opportunity. No other heater produces so much heat at so little fuel cost as the new "Howard." Why this is so is partly explained in the following paragraphs. Other reasons why will be given by the demonstrator in complete detail when you come to buy.



$1.50 Cash

Burns Coal, Wood or Slack

The grates, the drafts and the entire construction is so scientifically perfect that the "Howard" will burn any kind of fuel, and not only that, but will get more heat from it than any other stove made, regardless of price.

Holds Fire 24 to 36 Hours

Just as the speed of an engine can be regulated by the throttle, so can the rate of combustion of this stove be regulated by its drafts. A slight adjustment of the draft and the fuel can be made to burn fast or slow at will, and fire can be kept going for 24 to 36 hours without touching the stove or adding fuel.

Detailed Construction

We here name in detail the many new and exclusive features which make this stove the most efficient and at the same time cheapest in the long run. There is a top damper which holds the fire; a flat top with a flat lid; front feed door with ground joint; a downward draft which runs the fire; aerated vacuum around the fire pot; enclosed shaker which prevents dust; lower draft which starts fire; cast lining above fire pot; diaphragm check draft which burns the smoke and gas; air tubes to admit air over fire; heavy cast firepot; conical base which deflects heat and warms floor and an easily cleaned ash pan. Taken all in all this is the most complete stove in every inventive appliance and idea to get the very most service and heat from the least expenditure and least attention

Heats the Floor

This is the only soft coal stove made that effectively heats the floor. The inverted cone base radiates the heat out and down, every part of the floor receiving direct heat waves. This is even better than a base burner, which only sends heat to the floor directly under the stove.

Burns Smoke and Consumes Gas

If you threw away a half a loaf of bread each day your bread bill for the year would be doubled. It is the same with coal. Every other stove but this allows half the coal to escape up the chimney in the form of smoke or gas. The patented construction of this stove consumes everything—the gas, the smoke and all, and cuts your coal bill in two.

Prepare Now

Stove time is here. Are you prepared for it or are you going to be caught unaware? Hesitate no longer. Get one of these wonderful "Howard" Heaters at the made-to-meet-every-pocketbook price. We have plenty more coming but advise you to buy one now and have it on hand when you need it. You will save the price of a ton of coal long before the time for the first payment comes around according to our Easy-Way-to-Pay Plan. Bring in a small payment tomorrow ($1.50) and we will deliver this great reducer of fuel, so that you may enjoy its saving at once.

St. Peter's Mission Opens Sunday.

Rev. Vincent Trost, O. F. M., and Rev. Chrysotom Theobold, O. F. M., of Cincinnati, two prominent Franciscan missionaries, will begin the conduct of a two week's mission next Sunday at St. Peter's Catholic church, of which Rev. Charles H. Thiele is rector. During the first week of the mission the sermons will be delivered in German and the second week in English. The mission opens with the 10:15 o'clock high mass Sunday morning. Considerable interest attaches to the mission, and indications are that it will be largely attended.

The funeral services will be held at 9 o'clock Friday morning from St. Mary's Catholic church and will be followed at 10:30 by the chanting of solemn requiem high mass.

COAL PILE ON FIRE.

Fire Department Has Been Working All Day on Slowly Burning Mass.

Since 9 o'clock this morning the men from No. 5 and No. 7 engine houses of the city fire department have been battling with a slowly burning and deeply buried fire in the center of a monster pile of coal along the Nickel Plate railroad tracks in the west end of the city. Owing to the fact that the fire started in the center of the pile it was very difficult to fight and but little headway had been made at a late hour this afternoon.

Sluggish Bowels cause Gases, Indigestion and Food Fermentation.

Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too. Adv.

WILLIAM KIMBLE TO PENITENTIARY

Man Who Forged E. Arter's Name and Got the Cash Pleads Guilty.

NEW SOF THE COURTS

William Kimble, aged thirty-eight, pleaded guilty in the circuit court this afternoon to forgery and uttering a fraudulent check, and was sentenced to two to fourteen years in the state prison at Michigan City. Kimble was picked up drunk last Thursday and the fact that he had above thirty dollars in his clothes led to suspicion that he had robbed a man named McCoy, of Churubusco, who was relieved of his money that same day. Friday Ephriam Arter, for whom Kimble worked, discovered that a check for $68.75 to which his name was forged, had been cashed at the German-American bank. Kimble later confessed the crime.

Another Newspaper Man to the Law.

Avery M. Groves, for several years attached to the editorial staff of the Journel-Gazette and at present political writer for that newspaper, has been admitted to the bar in the superior court. He was recommended for admission by an examining committee of which the personnel was Frank A. Emrick, Harry F. Kinnerk and Ray McAdams. Mr. Groves came to Fort Wayne from Milford, Ind., where his father at one time was engaged in the publication of a newspaper. He is widely known in northern Indiana. He is a very capable writer and a pleasing speaker.

Notes of the Courts.

In the superior court judgment is entered quieting title in the plaintiff in the suit of Henry F. Moellering vs. Ebenezer A. Godard, et al.

The superior court has set down for trial January 19, 1914, the suit of Henry C. Pequignot vs. Charles W. Noyer and the same plaintiff vs. Shaw.

The circuit court has given judgment for $100 to the plaintiff in the suit of James Bailey vs. the Fort Wayne & Northern Indiana Traction company for personal injuries.

The suit of the New York, Chicago & St. Louis railroad vs. Abe and Ike Weil has been sent from the circuit court here to the Wells circuit court on a change of venue asked by the defendants.

Harry C. Baker has commenced suit in the circuit court against Harry M. Kelly, et al., demanding $12,000.

In the circuit court John Shradnetzkias sued the Pennsylvania Railroad company for $1,000 for personal injuries. He alleges that by reason of the defendant's fault he lost some of his fingers while at work in the machine shop on the 3rd of last January.

ROUGHNECK IS FINED.

Because he used profane language and flourished a revolver and threatened to shoot, Ervin Clayton, a Garrett bartender, was fined $3 and costs for profanity and $5 and costs for pointing a deadly weapon. He was tried before Justic Hippenhammer at Huntertown. Clayton's offense was committed when he thought John E. Rarick, of Wolcottville, was taking up too much of the road with his automobile when Clayton in his machine wanted to pass him near Huntertown.

SEEK FRIENDLY RELATIONS.

German-American Economic Association to Be Formed in Berlin.

Berlin, Oct. 22.—Preliminary steps were taken today for the formation of a German-American Economic association devoted to the cultivation of friendly relations between the two countries in the fields of business and economic politics. The association is under the auspices of the Manufacturers' League of Exporters to America and of the great shipping companies. It aims at a special German-American commercial treaty and the protection of those German interests affected by the manner in which the administrative clauses of the new tariff law are enforced. It will also supply information as to American business conditions to German business men. The promoters say that "the time is ripe for such an association in view of the change from the system of extreme protection in the United States."

STILL MORE SNOW HEADED THIS WAY

Fort Wayne Has Blanket of White First Time This Autumn.

MORE BAD WEATHER

Snow, sleet and rain combined in making the storm of this morning one of the worst visitations of October weather that the city has known in many years. While traffic was in no way impeded by the snow, most of which melted as soon as it fell, the streets became wet and several narrow escapes from accident are reported as a result of skidding automobiles.

According to W. S. Palmer, of the local station of the weather bureau, the precipitation of snow amounted to about one-half inch. Early this morning, however, a heavy blanket of white had been spread over lawns and housetops. The government thermometer in the Shoaff building also registered a new low record when the mercury slipped down to 29 degrees, the coldest of the season.

Mr. Palmer declared at noon that the storm is not over, and in fact is just beginning. He bases this statement on the fact that a heavy storm of rain and snow is raging in the southwest and western states and is slowly moving this way. The weather forecast for Fort Wayne during the next twenty-four hours calls for continued cold with snow or rain tonight and Thursday.

THEY WERE HARMLESS.

"Deadly Bacilli" Sent to Chicago Woman Merely Mould Cultures.

Chicago, Oct. 22.—The "deadly bacilli" which a would-be blackhander sent to Mrs. Julius Rosenwald and to Mrs. Frederick M. Steele, of Highland park, were harmless, chemical analysis shows today. The chemist discovered only a few cultures of mould such as may accumulate in fruit preserves.

MOST DANGEROUS OF MINOR AILMENTS.

Of the minor ailments a cold is by far the most dangerous, not in itself but the serious diseases it so often leads to. Pneumonia and consumption always start with a cold. When you have a cold you are much more likely to contract the infectious diseases such as diphtheria, scarlet fever and whooping cough. Colds are easily cured: in fact, Chamberlain's Cough Remedy is famous for its cures of this most common ailment, and is pleasant and safe to take. Why take such desperate chances when so reliable and trustworthy a medicine may be obtained for a quarter? For sale by all dealers.—Adv.

GIRLS! HAVE BEAUTIFUL, LUSTROUS, FLUFFY HAIR—25 CENT DANDERINE

No more dandruff or falling hair —A real surprise awaits you.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

WHY CITY NEEDS NON-PARTISANISN

If Inaugurated City Officials Will Have No Political Debts to Pay.

TENTH WARD TONIGHT

Before a large audience of employes of the Fort Wayne Electric works, non-partisan speakers this noon in brief, but well directed remarks, showed why Fort Wayne should have a non-partisan administration. Speeches were delivered by Arthur W. Parry, Charles H. Buck, James A. Lechler and J. W. Loney, and Mr. Buck, the non-partisan candidate for mayor, was enthusiastically applauded when he declared that partisan politics in Fort Wayne had never done anybody any good but the professional politicians, who spent most of their time after election in dividing up the spoils.

Mr. Buck told the voters that they need not fear that he would sell out the public utilities if elected, and closed by asking for the earnest support of every man who wants to see Fort Wayne become a better city.

Arthur W. Parry pointed out how political debts are paid by partisan political leaders.

In Tenth Tonight.

The non-partisans will meet this evening at Bowser's hall, on Thomas street, in the Tenth ward. The speakers will be Albert E. Thomas, chairman of the non-partisan city central committee; Attorney Arthur W. Parry and Charles H. Buck, non-partisan candidate for mayor. The Tenth ward is one claimed by the socialists and it is said that the latter party has an active working organization perfected for the purpose of electing the socialist councilmanic candidate. This will be the second non-partisan meeting in the Tenth ward.

Thursday Meetings.

The Eighth ward will be the scene of non-partisan activity Thursday night, when a meeting is to be held at the corner of Lewis and Ohio streets. The speakers announced today are Attorney Howard L. Townsend, Attorney Lee J. Hartzell and Charles H. Buck.

The non-partisan noonday meeting Thursday will be held at the plant of the National Handle company, where for a short time William C. Geake will address the employes.

Could Not Get Crowd.

According to reliable information, only about fourteen men, nearly half of them non-partisans, gathered at the democratic meeting place on Cottage avenue, in the Sixth ward Tuesday night, to hear Hosey and his workers discuss campaign issues. Owing to small attendance the meeting was postponed and arrangements have been made to hold a joint meeting of the Sixth and Seventh wards Friday night.

Announcement is made that the republicans will hold an all-day celebration Saturday at headquarters in the Pixley-Long block. Luncheon and coffee will be served and in the evening William H. LaTourette, republican candidate for mayor, will deliver an address in the assembly room of the court house.

Another Letter.

Another republican committeeman has decided to cast his lot with the non-partisans, and this morning the following communication was received from R. A. Morton, of the Seventh ward:

"I have not left the republican party when it comes to national affairs, but I have always thought non-partisan government in the city is the only kind. I think men regardless of party affiliations should be appointed to office instead of incompetent party men, which has been the case in Fort Wayne in the past. R. A. MORTON."

THE WONDERFUL RESULTS OF CO-OPERATION

Conclusively Demonstrated by the United Specialists.

The individual seldom realizes what he owes to society in general and many who have made a success in life have a tendency to attribute their success as being entirely the result of their own personal efforts. This, however, is a fallacy, for no person, however brilliant, could possibly hope to meet present conditions unaided by the vast amount of experimental knowledge that has been handed down to them through untold ages.

The United Specialists, realizing the fact that the very best cannot be obtained through individual effort, have adopted the idea of co-operation and the results they have obtained have amply justified their conclusion.

Many men who have unfortunately been unable to obtain relief from other sources have been cured in a very short time by the co-operative methods of the United Specialists. The large corps of highly trained specialists that make up this organization, all working in unison, have brought about results that seem almost miraculous, as has been repeatedly proven by the many testimonials that they have received from grateful patients.

Read the following testimonial as a sample of the many they have on file in their office:

To whom it may concern:

Fort Wayne, Ind., Oct. 22, 1913.

I began treatment with the United Specialists on Oct. 7 and they have done me more good than any other specialist I have ever seen. I have taken treatment from all the best specialists in the country without any good effect whatever. Since coming here I am proud to say I have been greatly benefited. Any one who is suffering from chronic, deep-seated disease, will not be disappointed if they will go to the United Specialists, for I am sure they will be able to do as much for them as they did for me.

S. S. METCALF,
1320 Frances St.

P. S. Some of the best Fort Wayne physicians have examined me, but one of them refused to give me treatment, saying he knew absolutely nothing about the case.

The United Specialists treat most chronic and nervous diseases of both men and women, such as rheumatism, neuralgia, stomach, liver and bowel troubles and special diseases of both men and women. Their wonderful methods of intravenous medication, whereby the medicine is placed directly within the blood stream, has simply brought about marvelous results in the treatment of such diseases as tuberculosis, etc.

Their office is located at 124 East Washington street and their hours are 9-12, 1-5 and 7-8. Except Sundays, 9-12 only.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Oct. 22.—Wheat rallied sharply today from depression due to improved crop conditions in Argentina and India. Offerings here were light. The market which opened ⅛@¼c to ½c lower rebounded well above last night's level.

The close was steady, ¼c to ⅜c over last night.

Although corn weakened at the outset with wheat, the prices turned strong, influenced largely by the fact that temperatures threatened to continue below normal. Prices varied ⅛@¼c and ⅜c off but reacted to 1c above the low point of the decline.

The close showed a net rise of ⅝@¾c to 1c.

Speculative buying carried higher as soon as trading began. There was no early setback such as suffered by corn and wheat.

In provisions the tendency was down grade. Weakness of the hog market furnished the reason. First sales ranged from 5c off to a like amount up, but then prices gradually sagged.

THE DAY ON WALL STREET.

New York, Oct. 22.—Stocks reacted slightly at the opening today from the higher level reached on yesterday's advance. Some of the less active shares made further gains, but all of the favorite issues were lower. Trading was heaviest in Steel, which opened with a block of 4,500 shares, receding ⅝. Reading, Amalgamated, Can and American Car lost one and Canadian Pacific 1⅜. Wabash preferred rose 1½.

Weakness of stocks today was regarded as a natural consequence to yesterday's buoyant rise which apparently had behind it little force other than that temporarily derived from short coverings. Attention was again drawn to the uncertain position of the steel trade by the announcement that one of U. S. Steel subsidiaries had decreased its working force on account of lack of business. Bull traders did not feel warranted in attempting to put the list higher in the face of professional realizing and some bear selling, and the market was depressed throughout the morning. Prices were lowered one to two points all around.

The market closed weak. Weakness in the final hour in which the day's lowest figures were reached, was caused in part by the discouraging tone of the steel trade organs, which supported earlier pessimistic interview of the outlook.

NEW YORK MONEY MARKET.

THE WEATHER.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Rain or snow tonight and Thursday; slightly warmer tonight.

For Indiana: Cloudy tonight and Thursday, probably rain in south portion and rain or snow in north portion; warmer north and central portions tonight.

For Ohio: Cloudy tonight and Thursday; probably rain south portion and rain or snow in north portion; warmer tonight.

For Lower Michigan: Cloudy tonight or Thursday, with probably rain or snow.

SUMMARY OF WEATHER CONDITIONS

While the eastern storm has passed beyond the St. Lawrence valley and has been followed by fair weather over the Atlantic coast states, another storm of marked intensity has developed rapidly in the southwest during the last twenty-four hours. Its center is still over Oklahoma and Texas, but it is spreading northeastward and general rains have set in as far northeastward as southern Iowa, Illinois and Indiana. Over northern Indiana and southern Michigan some snow is reported. Cool weather continues over the eastern and northern portions of the country, but much warmer weather is reported in the southwest.

The southwestern storm will move northeastward, as is usual with such storms, and will give rain or snow in this section tonight and Thursday. It will be somewhat warmer tonight.

FIND BAD MONEY "PLANT."

Secret Service Men Unearth Counterfeiting Outfit in Woods.

Alexandria, La., Oct. 22.—What United States secret service men consider was an excellent counterfeiters' outfit was found in the woods near Tioga, La., late last night. The "plant" was discovered near the home of James Cooks, an aged man, and his son, Selser, who were arrested here Saturday night and held pending investigation. Negatives of five and ten-dollar bank notes and cleverly made counterfeit money was found, the officers declared.

FAMILY IS ILL-FATED.

Tragedy Has Surrounded Slayer of Chicago Tango Teacher.

Chicago, Oct. 22.—The case of Henry Spencer, the confessed murderer, now awaiting trial for killing Mrs. Mildred Allison-Rexrout, has aroused widespread interest among students of criminology. An investigation of his antecedents has brought to light these facts:

That his father, a life-long victim of alcoholism, died a suicide.

That three years after his father had killed himself, Spencer's only brother took his own life.

That one of his sisters killed herself out of despondency after Spencer had been sentenced to his first term in prison. That a third sister married and after bearing two children, died of tuberculosis.

Buy a lot from us in the "Driving Park Addition."

MONROE W. FITCH & SONS, the Earthand Insurance men. 5 per cent money.

Why Do You?

say luck is against you? Are you sure it is not your own fault? You have tried for the last five years to sell or trade your store, house and lot, farm, or other property, possibly a business you have run for years and made money, but you have got into a rut and need a change. You will feel better to change and you know you will. What have you done to bring the change? Well, to be honest, about the only thing I have worried it all out in my mind and hoped some one would come along with the cash, but have failed. Now listen: Go at once to a conservative Real Estate agency and be plain; explain all the facts in your case and be reasonable in every way and no doubt you will get results that will be pleasant to you and your family. This office modestly offers you that quiet way so much desired by so many property holders and yet we reach the people. Again this week has brought about two nice sales through this office, aggregating in 19 weeks nearly $100,000.00 worth of property, consisting of city property, farms and stocks of merchandise. Turn around and say I will make the change I so much desire. Again thanking the public for their very liberal patronage, I beg to remain your humble servant,

I have just closed a deal for another big, fine garden farm located all frontage on the best interurban out of Fort Wayne, with station stop at your door, and dandy school within two blocks. I'll bust this farm up this week and offer 5-acre tracts at $1,000. 10-acre tracts at $1,750. 15-acre tracts at $2,250. 20-acre tracts at $2,750. Mr. City Man, this interurban will get you home in less time than your city car. Co-operate with your family in connection with your city job and they'll make more raising chickens and garden truck than your salary will amount to. It'll be a big help. I'll exchange for your city property if you have no money to buy with.

4 extra choice acres, only a mile and a quarter from our court house; extra investment at $2,800.

BEATEN UP AND ROBBED HE SAYS

Citizen and Taxpayer is Maltreated by Wicked of the City.

NEWS OF THE POLICE

Ora Martin said he had been maced by a "dago robber." His face looked more as though an able-bodied army mule had backed up to him and pushed with both feet. Martin, who lives near Monroeville, came to the city yesterday to pay his taxes. After settling the bill with the county of Allen and the state of Indiana he had $25 and some odd change left and fared forth to cheer himself up a bit. He got along fine with this little entertainment until he got a souse that put him down and almost out. He was very drunk when arrested and his face was a sight. Martin said he had been assaulted by an Italian who robbed him of $25. Judge Mungovan let him go, but Martin would not quit the court until he had delivered himself of his opinion of a police force that would run him in and let the dago that robbed him get away. Up to the hour of going to press with this Martin had not given the police any information upon which his assailant can be found and identified.

A Great Little Kelly Is He.

Jim Kelly separated himself from his job with the Moellering Construction company on Murray street yesterday and began declaring dividends in all the saloons in the vicinity of Grand and Harrison streets and then invaded his grand street boarding house, where he attempted to show how a cyclone works when it's real busy. He had not destroyed all the furniture when the police arrived, but he had a good intent and a fair start. Kelly would be undersized for a ten-year-old, but like Alexander, 'twas not his stature made him great, and he made as much trouble and performed as much deviltry as a regular man. He went over for eleven days.

Came a Long Way for It.

John Kelly—no kin of the foregoing—said he had journeyed from far-off Pittsburg to refresh himself at the souse founts in Fort Wayne and when he arrived and got started, overdid the job a bit. He made a foray into St. Joseph hospital yesterday morning and was put out just at an unfortunate juncture, for Officer Paul was just passing and Kelly fell into his arms. He drew eleven days.

Affliction Merely Decorative.

James O'Donnell, whom nature designed for a dock wollaper, lumber shover, logger or anything else where size and strength cut a figure, doped it out that the world owed him an easier living and he has been about the city exhibiting an arm of shocking appearance and claiming he had tuberculosis of the bone or something of the sort. He has made enough at the game to get himself drunk and Officer Spillner arrested him. O'Donnell's affliction is merely decorative. He has painted his bad wing with iodine. He was sent to jail for fifteen days.

Other City Court Cases.

Tom Sullivan, drunk, was allowed to go. He has work and promised to get to it.

The case against L. S. Cook, charged with uttering fraudulent checks, was continued until Friday owing to absence of witnesses for the prosecution. Cook was released in his own recognizance.

Clara Berrett is detained by the police on a loitering charge. She is feeble-minded and was for several years at the state school here, but more recently has been living with her brother in the city. She lately ran away and has been wandering about. The girl is one of four children whose parents died at their home about twenty years ago in the northeastern part of the county. Less than a week apart mother and father passed away, leaving the little ones destitute and uncared for. Neighbors found them living on acorns and almost starved. They were disposed of in various homes and Clara later became feeble-minded.

We are showing the new black and white effects and all tailored to your measure.

Gold Bracelet Watch

Will Be Given Free to Girls—Other Gold Prizes.

Although boys from every part of the city are taking a great deal of interest in the Wildwood Magazine gold prize contest, very few girls have entered it up till this time. The prizes for the girls are no less attractive than the ones offered the boys, but for some reason the girls are not working very hard. A gold bracelet watch, a gold necklace and a gold bar pin are the prizes that will be given the three girls turning in the most subscriptions. In addition, twenty-five cents or half of each subscription price will be given each boy or girl.—Adv
